

SCHOOL NOTES.

The exercises held at the Union Free School on last Friday, Arbor Day, were well attended and much enjoyed by the friends and parents of the pupils. Much credit is rendered to the pupils and teachers and especial mention is due Miss Clark whose declamation, "The May Flowers," was well rendered. Three trees were planted the night previous. The pupils display a great deal of interest in the arrangements of the flower beds which are being made on the green.

Miss Lenny was home over Sunday.

The rooster that is so persistent in making his presence known to the school might prove to be a valuable bird—at 25 cents a shot.

Roy Harris has secured a position in one of the summer hotels near Boston, at the close of the school year.

Prof. Hulett and Athol Frew went down to the "Big river" fishing Friday, they returned Saturday night with a fine lot of fish.

Last Saturday afternoon at Ft. Covington our ball team again crossed bats with the Academy boys of that place and a hot game ensued. The Ft. Covington team had been reinforced by a few good good players and they kept our boys hustling. The score ran pretty even throughout the game but the Ft. Covington boys came out victors with a score of 10 to 4 in their favor. This is the second game between these two teams this season; the first was played here and was a walk over for the Rushtons. We hope to see another game between these clubs soon.

In returning from the Fort after this ball game the boys were so unfortunate as to tip over, doing considerable damage to the wagon but none of the boys were hurt except for a few bruises. The boys enjoyed a walk of about three miles and then proceeded to the store to bring their things and to get some of the things they had left at the store.

THE J. S. QUINN STORE.
