

### SCHOOL NOTES.

Regents' examinations next week.

A few of our students attended the school entertainment at Ft. Covington Friday night. I also understand that two students attended an entertainment at Lawrenceville last week but they do not have much to say about the trip: didn't it rain a little that night?

Only two more weeks of school!

The State truant inspector visited our school last Friday and gave us a short talk in which he sketched the State Truant School system and showed the necessity of regular attendance to successful school work.

Decoration Day the second nine from the Academy crossed bats with the Moira second nine and played the best game of ball that has been played on our grounds this season. The game was close all the time and at the beginning of the last half of the ninth inning the score was six to six. Our boys succeeded in getting two scores in this half, thus winning the game. Umpire H. Hawkins. Batteries, Potter and Manning; Slater and Barrat.

The Aldrich W. R. C. purchased recently for our school an oleograph giving the history of the origin of the stars and stripes. It is designed for the grammar grade.

Save the coupons on the first page and get a Ray Camera free!

The faculty for next year has been engaged, Prof. Hulett and Miss Kibbe will retain their old positions, Mrs. Hulett will take charge of the Training Class, Miss Lenney of the grammar grade and Miss Phoebe Prew, Potsdam Normal '99, of the intermediate and special drawing work.

We number among our visitors for the past week Miss Pressy of Norwood and Miss Lena Smith of Potsdam.

Saturday, June 3d, the Academy Base Ball team defeated a picked nine mostly from Bangor. Score 21 to 8. Batteries, Kelsey and Moses; Lawrence and Keeler. Asa Wood, umpire.

I understand that one of our young ladies is contemplating a trip to Ceylon during her summer vacation.

### North Bangor.

Smiling June is here and all Nature rejoices.

C. J. Eldred's lumber is on the ground and we soon shall have as fine a hotel as there is in the county.

Miss Carrie Ellis, a Christian Scientist, is staying with her cousin, Mrs. Elwin Tarbel.

The candidates for sheriff are very numerous, in fact to see a man that is not a candidate is the exception. The wife of one of the candidates is so sure of the election of her husband that she has been to the jail and measured the rooms to see if her carpets would fit.

Miss Ella Plumb is home from her school and is canvassing for school commissioner. It is hoped that the only lady in the field will have the support of her many friends.

Mrs. Washburn entertained friends at a very elaborate dinner party last Wednesday.
