Camp meeting opened auspiciously Tuesday evening with a good attendance. There are over 100 tents up now and a few more are expected during the week. If the present good weather continues there promises to be a larger attendance on Friday and Sunday than ever before, and with two dining halls there will be no difficulty this year in providing for the inner man. As the lease for the grove expires this year it is rumored that this will be the last year of camp meeting in Brushton. It is hoped by the people here that this is only a rumor and that the officers of the Association will conclude to continue holding the meetings here.

It is already beginning to show signs of the change in the season.
