## Akwesasne Child & Family Services Sponsors Positive Indian Parenting Workshop

Have you tried **EVERYTHING** and **NOTHING** seems to work?

Are you looking for healthy and safe ways to discipline your child(ren)?

Positive Indian Parenting can provide insight on your:  
Attitude  
Parenting Skills  
Communication Skills

P.I.P encourages a positive look at **TRADITIONAL** and **MODERN** parenting methods.

For serious inquiries on Positive Indian Parenting workshops, contact Akwesasne Child and Family Services/Community Support Department at **(613) 575-2015**.

## Annual Water Samples

The Community Health Representative will begin the collection of private home water samples in the Cornwall Island and Chenail Districts, starting on Tuesday, April 9, 1996.

Community members who have working hours during the day are encourage to call the CHR's at 575-2411 to schedule a date/time for when the water sample may be taken.

Dog owners are also asked to please make sure that their dogs are tied up.

If there are any questions, please contact the Community Health Representatives at 575-2411 or stop by their office at the Kanonhkwa'tsheri:io Building in Kanatakon. Office hours are Monday-Friday from 8:30 am - 4:00 pm. Thank you.

## Did You Know?

That one in every two new infections occurs in someone under the age of 20 and that AIDS is the leading cause of death among persons ages 25-44. What does this mean? This means that these people became infected in their adolescent and young adult years. This is an age when teenagers believe they are untouchable and "it'll never happen to me" syndrome. Why wait until your teenager is hit with an incurable disease that will ultimately end in death before we acknowledge that they are or will become sexually active. Why wait until they are diagnosed with a sexually transmitted disease to teach them about safer sex and the proper use of condoms? Adolescents are the future of this pandemic and we must become aware of the reality **HIV/AIDS** will impose in all of our lives. Why should this mean anything to me?

**Your child or grandchild's life depends on it!!**

For further information about HIV/AIDS you can contact the following agencies: ACT NOW at 358-2001, St. Regis Mohawk Health Clinic at 358-3141 or the Community Health Representatives at 613-575-2570.
