Many thanks to Canadian Tire for participating in this worthwhile event and for their generous donation.

Pictured: (l to r) Constable Pat McAfee, RCMP, Cornwall Detachment and Constable Leo Philippe, RCMP, Cornwall Detachment. Both officers participated in the *Racing Against Drugs* Event on Cornwall Island. Not only did the RCMP participate but they set up display tables with information on addictions. One table had a closed-display of various drugs and the different forms they come in. Part of the closed-display identified various instruments used to administer different types of drugs. Students were instructed on the various items they might come into contact with which they should never touch or handle. Thanks to the RCMP for providing drug education to our children.

The RCMP Detachment out of Cornwall assisted in sponsoring the *Racing Against Drugs* event for the Mohawk children of Akwesasne. Thank you to the RCMP and all the local Police Service Departments that participated in educating our children about addiction prevention. Thank you to all of the coordinators and sponsors who took the time to arrange an array of activities for the children to have fun and learn about addiction prevention.
