

Courier & Freeman.

LOCAL DEPARTMENT.

WEDNESDAY, JANUARY 18, 1904

Mr. O. W. Hazelton is visiting his sister in Edwards.

Miss Hogle Supt. of music of Malone, was in town Saturday.

The Eastern Star will give a dance in Masonic Hall, Friday evening January 23.

Miss Hazel Wood left on Monday for New York where she will remain a month.

All St. Lawrence basket ball team met defeat at Malone Friday evening in a 15 to 13 game.

Regular organized classes in the Normal gymnasium have been formed under Prof. Freeman.

The Potsdam Normal proved to be too fast for Alexandria Bay, defeating them Friday evening in a 19 to 12 game.

Mrs. Landers, who has been ill for over five weeks, is now much better, and her friends were glad to note last week that she was able to be out again.

Mr. Chalkin and Mr. Mowry of St. Lawrence University, who are studying vocal culture under Mrs. Bryan, were in town Saturday stopping with Rev. Mr. Saunders.

The Uniform and Normal Entrance Examinations for the Third Commissioner District, will be held at Potsdam in the Intermediate Department of the Normal School Thursday and Friday Jan. 14th and 15th.

At the home of Mr. and Mrs. Abraham Davis, their daughter Bertha Lulu, was united in marriage to Mr. William Wine of Canton. The ceremony took place last Saturday evening, January 9th, witnessed by the immediate families and was solemnized by Rev. Mr. Miller.

The song "Hacking Hay," which was sung by Miss Goodough in Prof. Noma's opera, composed by Miss L. C. Cough, has been accepted by a publisher in Washington and the copyright sold. Miss Cough has composed other songs but she has not been able to sell a copyright heretofore.

The sociology section of the Fortnightly Club will meet Monday evening January 18th with Dr. and Mrs. C. O. C. Factory legislation and inspection will be discussed. Factory legislation for women and children, J. L. Camp, Factory Inspector, F. B. Cowan. Reports on current topics, Prof. Allen, Prof. Bond and Mrs. Helene L. Bonney.

The merchants have done a very proper thing in closing their places in the evening, but the darkening of their stores gives the business section of Market St. a very lonesome and deserted appearance after six o'clock. A good display of goods and a light left burning in each window would not only be an attractive advertisement but would effectively dispel the gloom.

Mr. Frank Cough who has for several years entered his pictures in the Academy of Design of New York City, has as last year, under persevering efforts, secured a copy as well as to afford a reception given in his honor in the Academy on January 1st. Mr. Cough was considered a prominent young artist while he was with N. L. Stone and the forecast of his many friends is now showing itself.

The annual meeting of the stockholders of The People's Bank was held yesterday at the election of a board of directors for the ensuing year. Mr. Frank P. Matthews was elected chairman and C. S. Ferris, Esq., secretary. The president made report of the past year's business. The following were elected directors: C. E. Sanford, Royal Newton, Rufus L. Stone, Almon D. Heath, Herbert J. Sanford, Frank P. Matthews, Bernard H. Stone, and Clarence S. Ferris. A meeting of the Board will soon be held for the election of officers.

In a letter recently received from John A. Finnigan, who is teaching in the Philippines, he informs us that he is "putting his money in a hole" by investing in an oil well. John says, "It has a good position as principal of a school enrolling 1100 students and have under me ten native teachers and two college graduates from the states, and still I am not contented." John does not advise our American teachers to accept 3000 positions across the pond. He says the surroundings and environment of the life of the Philippines is anything but elevating. He expects to return to America in '04 to attend the St. Louis Expedition.

We are pleased to learn that Messrs. D. M. Sheridan and J. J. Cameron of Potsdam, have taken possession of the hotel at Fyrites, formerly kept by Geo. Rushton, who built it some years ago. Messrs. Sheridan and Cameron are well known throughout this section, having been the proprietors of the old "Widener House" in Potsdam for a number of years. They are both genial and accommodating men of good standing and reputation. The enlargement of the pulp and paper mill at Fyrites is a great inducement to the laboring class, and the slight acre of this section and those going to or near that place will do well to stop at this hotel, as both landlords will do all in their power to make it pleasant for all who stop with them.—Heron News.

The Malone Palladium has the following notice: "The Malone Science at the Clarkson Tech in this village: 'It will be in the nature of a surprise to many of our townspeople to learn that on Monday evening of this week Reuben Donaldson and Miss Abbie Nokes were quietly married at the M. E. parsonage by Rev. F. H. Myers. The bride is a graduate of Franklin Academy, class of '03, and is one of Malone's brightest and most popular young ladies. Mr. Donaldson is well known in Malone, having lived here for a number of years, and for a time was a popular clerk in the drug store of O. W. Breed & Co. He is the son of David Donaldson, who resides on Fort Covington street, and is now a student at the New York College of Pharmacy. The young people have hosts of friends here who will extend congratulations and best wishes."

Mrs. Cough is visiting her sister in Watertown.

Mr. A. V. Hammond of Norfolk, visited friends and relatives in town over Sunday.

Mrs. L. T. Botsford who has been visiting Mrs. Smith of Lyons Falls, returned Friday evening.

The young ladies' piano club was entertained by Miss Edith Batchelder Thursday afternoon in honor of her sister, Mrs. G. Clayton Flint of Saratoga.

The Potsdam Flour and Feed Co. composed of Messrs. L. Robinson and L. J. Robinson, have sold out their business to Mr. E. J. Sanford who will conduct it in the future.

Invitations have been issued by Miss Callista Partridge, Mrs. F. S. Earle and Mr. Henry Foster, for a dancing party at their home on Elm street on Friday evening, January 10th.

Mr. A. Ritchie who was hurt a few days before Christmas by falling from a sleigh while drawing Christmas tree, is now in a very critical condition as a result of his injuries from this accident.

Mr. Eugene Smith has resigned his position on our village police force and has gone to Washington where he has accepted a position in the construction department of the new B. & O. R. E. station.

Rev. J. H. Myers of Malone, formerly of this village has taken to poetry, the Palladium says:

"As I faced me on my way along, I glanced a sheet from the field of song, so writes the Rev. Dr. J. H. Myers, and the result is a dainty little volume of poems, 'Gleanings from the Field of Song.' The edition is limited to 300 copies, which was printed and bound by the author for the pleasure of the work itself. The books are covered with limp leather, bound 'royal style,' and are creditable productions of an amateur craftsman."

The annual meeting of the stockholders of the Citizens National Bank was held at their banking house yesterday. Mr. Edson M. Perkins was re-elected president, Wm. Hawkins, vice president, and R. H. Byrnes, cashier. The following board of directors was chosen: James Linton, Wm. Eassey, W. M. Hawkins, A. E. Sayles, T. H. Perrin, Robert Wood, C. W. Hazelton, Harry F. Smith, H. D. Finney, F. L. Cuddey, E. M. Perkins. The affairs of the bank shows to be in a prosperous and satisfactory condition, and a dividend of four per cent was declared. The surplus of this flourishing young institution was shown to be \$2100.

The DeGraese Paper Co. have been pushing work rapidly on their new plant at Fyrites, and now have the railroad and mill practically completed. They will have a magnificent plant and when under full headway expect to turn out fifty tons of manilla paper a day. They have every natural advantage needed including an unlimited amount of pyrite ore for burning, and an adequate head of water for running their mills. They have put up buildings which are the best that skill and experience can devise, and have bought the best machinery. They also have a large supply on hand of pulp wood, so that the company regards its outlook as very favorable. Hon. J. A. Outerson of Carlisle is President; J. H. McCormick of New York, Vice President; L. F. Lehr, Treasurer; and R. A. Everett, Secretary.

The board of trustees have engaged Tasso Longale as engineer of the fire engine in place of Eugene Smith, who has resigned. They have not yet filled Mr. Smith's position as village policeman. The electric fire alarm system is rapidly nearing completion and the trustees are now considering other improvements in our fire protection system. Trustee Bryson has been empowered to investigate the fire alarm system in the building for quickly harnessing the horses on the wagon, and a set will soon be purchased. The question of a few paid firemen is also under investigation and as all these improvements not only render our property safer but materially reduce insurance rates, they should meet with favor. The matter of better safeguarding life at the town hall was taken up by the board at its last meeting and a resolution was passed asking the town board to provide more adequate exits for use if necessary should require. The town board and school officials have also been requested to place fire alarm boxes in the building under their control so that in case of fire an alarm can be turned in instantly. The trustees are of the opinion that the lookout should be taken out of the municipal building and put in some other place, so that the valuable space it now occupies may be more properly utilized for horse and fire apparatus.

A wonderful saving. The largest Methodist Church in Georgia, calculated to use over one hundred gallons of the usual kind of mixed paint in painting their church. They used only 33 gallons of Longman & Martine's Paint mixed with 24 gallons of linseed oil. Actual cost of paint made was less than \$1.20 per gallon.

Saved over eighty (\$80) dollars in paint and got a big dividend besides. Every church will be given a liberal quantity whenever they paint. Many houses are well painted with 4 gallons of L & M, and 3 gallons of linseed oil mixed therewith. These celebrated paints are sold by Brown & Perrin, Potsdam, Finney & Tucker, W. Stockholm.

FARM TO RENT.—The Jonathan Holmes farm in Stockholm, contains 288 acres, all in full grass, with 35 or 40 cows. Inquire of O. R. Holmes, Potsdam. 32x3

DRESSMAKING. Miss Edie L. Chaffee has opened dress-making rooms at No. 7 Munson St. 32x3

Card of Thanks. Will you permit me through your paper to thank the many friends and neighbors for the kindness and comfort given my wife during her long and tedious sickness, and especially to thank her pastor, Rev. C. C. Cann, and his wife for their untiring devotion and love given her. D. M. HARTFORD.

If you can't see properly have your eyes tested and fitted with spectacles at Hayward's Jeweler and Optician. 45t

Saturday the 23d, is the last day to pay taxes at one per cent. 81x3

Notice. I have purchased the livery outfit and business formerly conducted by Sargent & Wood and lately by Wm. Wood, and am now the sole owner. All accounts due this livery must be paid to me and I assume all liability for any debts owing. E. D. SARGENT.

Potsdam, N. Y., January 1, '04.

ART DEPARTMENT. State Normal School Potsdam.

SPECIAL CHANGES IN DRAWING. It is fast becoming a recognized fact that no one need go away from Northern N. Y. for art instruction. That given at the Potsdam Normal School by Prof. Stansbury-Norse, who was educated at the Academy of Design in New York city, and who has had the highest training in either art work or teaching. The Special Drawing Teachers' Course is very popular, and those who graduate from it soon secure positions as special teachers, the best of all positions. Now is the time to think about joining the class which begins with the spring term, February 15th. For full particulars write to Stansbury-Norse, Potsdam.
