Our base ball team returned from Parishville with a dreadful crestfallen air. They simply got fanned out, and the brag taken out of them completely. Out of respect to their feelings we will not mention the score. Now our team can play ball all right, what they need is to seek that "sylvan retreat" seven times a week instead of twice, as we suggested last week.

The dance the 26th was enjoyed by quite a crowd, 31 tickets being sold. The next one will be held June 16. Supper as usual. Clayton Perry of Hopkinton and Roy Knapp of Fort Jackson floor managers. All are given a cordial welcome and Mrs. Kellogg endeavors to give all a good time. Mr. and Mrs. Holmes give all courteous treatment in the dining hall, serving a good supper always. Those who come to watch the dancers are ever welcome, but the element that comes simply to have a place to blow off extra steam and cause unnecessary noise and brawling is not welcome and we ask them kindly to give us the pleasure of their absence.

Rev. E. M. Roel has a calf two weeks old from his famous Swiss cow by the Holstein blooded stock of the Grow stock farm, which he offers for sale when three weeks old for $10. The mother has brought the owner $75 for milk taken to the factory last season. Not a bad record for a minister's cow.

What came near being a fatal runaway occurred Sunday. Mrs. Tillie Converse and children and Mrs. Mae Felix attended church at Hopkinton, and when coming home by the factory here the horse became frightened at escaping steam and jumped, breaking the thill strap and letting the wagon hit him. He bolted. Mrs. Felix took the lines and being a thorough horsewoman would undoubtedly have stopped him but the line broke by Miller's barn and Mrs. Felix saw the inevitable coming and jumped. The horse took a flying leap over a spring tooth harrow by the barn and a few feet farther [illegible] Mrs. Converse and children out. The [illegible] at Ezra Fuller's [illegible] stopping place for the wagon. The horse going toward home and [illegible] Mrs. Converse and children were taken into the Miller house and [illegible] for Dr. Cook [illegible] was in immediate attendance. No broken bones but a serious bruising [illegible]. The horse was gentle and Mrs. Converse had driven him many times. The whole thing was the result of rotten harnesses. So many runaways lead us to ask why are wagons and harness so neglected? Are our dear ones' lives less than the time and money spent to secure safety?

There is more catarrh in this section of the country than all other diseases put together, and until the last [illegible] was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address

This Pretty Girl Saved From Catarrh of the Lungs By Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently.

"I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since.

"I now have the greatest faith in Peruna." — *Florence E. Kenah.*

WOMEN SHOULD BEWARE OF CONTRACTING CATARRH

The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

Pe-ru-na for Colds and Catarrh.

The following interesting letter gives one young woman's experience with Peruna:

Miss Rose Gerbing, a popular society woman of Crown Point, Ind., writes:

"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I consider this money well spent.

"You have a firm friend in me, and I not only advise its use to my friends, but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Rose Gerbing.

Pe-ru-na Contains no Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.
