Last Friday a day of pouring rain was succeeded by a drop in the temperature, snow and a howling gale. A peculiar feature was the fact that the barometer dropped to the lowest point ever recorded here, in many instances below what the instrument would register. Mr. McCall was about 55 years of age and had spent his whole life in Madrid. As the proprietor of the village hotel he was known far and near. He was a man of genial and kindly temperament and was very popular with the traveling public. He is survived by his widow and two young sons, also two brothers and a sister. The regular meeting of directors of the Northern New York Development League, usually held the first Thursday in January, will convene on Jan. 30 at Canton, being held during farmers' week in that village. As in former years the league will interest itself in passage of bills affecting the welfare of the North Country. One important act which the league will endeavor to secure is legislation authorizing an appropriation to provide improvements for the State Normal School at Potsdam. A resolution to this end was adopted by the league at its Tupper Lake meeting Aug. 28 and in accordance with action at that time, considerable work is now being done to bring about the passage of a bill to enable the state to render financial aid to counties establishing farm bureaus. Good roads, forestry, water storage, canals and other legislative matters of benefit to Northern New York will occupy the attention of the league the coming year.

Mr. Lowen E. Ginn was in Albany recently arguing an important case before the Court of Appeals. Seeing Mr. Ginn in Albany reminded us of a visit he paid to the Albany Club some few years ago in company with the Messrs. Sisson, Mr. Merritt and other Potsdamers. They all gathered around the Club fireplace and being possessed of talent in his own line, the Potsdamers were all persuaded to sing a song or tell a story, which they did in a manner that won much and prolonged applause. A couple of gentlemen from a neighboring city were present and as one of them possessed some talent in the musical line he was revealed upon by his friend to render a sonata on the piano. When the deed was over the admiring friend turned proudly to Mr. Ginn and asked "What do you think of his execution?" "I favor it," promptly replied Lowen, and the coolness that ensued chilled the water in the radiators on the second floor.

Mr. and Mrs. H. C. Maynard, who are spending the winter in Santa Barbara, Calif., find it a delightful place to live in. Mr. Maynard writes: "We have now been in Santa Barbara nearly two weeks. It is a very different country than Northern New York. Earth, air, trees, flowers, buildings and methods of building are all different. The earth is dust, no grit. The air is clear and although it freezes nearly every other night, a very unusual thing here, the sun is so clear you feel the heat of the sun the minute you get in its rays and it warms you. The full moon is most brilliant, it pales the stars, and the nights are very bright. Only pines and willows look natural, though I had seen the sycamores in New Jersey. The flowers are far more in such care in the green house grow wild and uncultivated out of doors. More than half the buildings, private and public are one story, without cellars and what a Northern man would regard as foundation. They have had but one rain this season, that accounts for the unusual cold nights. When it begins to rain we will have no more cold nights. This city is little known in Northern New York or more would come here rather than San Diego."

The executive committee of the No-License League will meet in the Methodist Church at 8:30 p. m. on Thursday.

Miss Ethel Miles, a graduate of the Potsdam Normal School in the class of June 1911, who has been teaching in the Canton Union School the past term, has resigned her position to accept a more lucrative one as Assistant Kindergarten Teacher in the Deaf Mute Institute at Malone. Miss Miles is a daughter of Mr. and Mrs. B. D. Miles of this village, and left for Malone last week to assume her duties.

The Northern New York Corn Growers' Association, of which Wm. H. Daniels of Ogdensburg is president, will convene at Canton on January 27, with sessions each day until February 1. The annual meeting of this Northern New York organization will be held in connection with Farmers' Week at the School of Agriculture, St. Lawrence University. Special premiums will be offered by the Franklin, Lewis and St. Lawrence county Pomona Granges and prizes will be offered for the best exhibit of corn. Most of the money to be used for premiums has been pledged by individuals and Granges. The Association expects liberal prizes will be paid this year as in the past, but the definite amount is not known at present.

GEORGE R. C. SMITH.

On Monday morning, January 6th, 1913, occurred the death of Mr. George R. C. Smith at his apartments at the Potsdam Club. About a week ago Mr. Smith contracted a severe cold, which developed into pneumonia with fatal results.

George Royal Canfield Smith was the son of Mr. and Mrs. A. M. Smith, and was born in the residence now owned by Mr. A. L. Lockwood on Elm street, in June, 1844. Some years later the family home on Upper Elm street was purchased, and Mr. Smith lived there until a few years ago.

After receiving an education in St. Lawrence Academy and Geneva High School Mr. Smith returned to Potsdam and went into the clothing business with his father. After the death of the latter and the closing-up of the business, Mr. Smith took up insurance and worked up a nice business.

About 1884 he was appointed Postmaster of Potsdam, serving one term, and he also served several years as the Treasurer of the R. V. & St. R. V. Society. He always took considerable interest in musical matters and was prominent in the organization and management of Potsdam's Musical Festivals.

Mr. Smith was a man of natural intelligence and refinement, of unusually cheerful disposition, courteous and affable, and had a wide circle of acquaintances and friends throughout this section.

He was the last remaining member of the family, his parents and only brother Calvin having died many years ago.

Funeral services were held at the home of the Potsdam Club Tuesday afternoon, Rev. F. B. Cowan conducting the services. Burial was made in the family lot on the side.

A FINE RECITAL.

A most pleasing recital was that given by Miss Gladys Hawkins in the M. E. Church Monday evening. Miss Hawkins possesses a warm musical temperament. Her touch is beautifully pearly. Each number of the program was artistically rendered. Especially artistic was her interpretations of the smaller numbers. Miss Hawkins is to be heartily congratulated on her success. The programme follows:

Organ Concerto (Arranged for Piano), Fr. Bach-Stradal; Maestose e Pesante, Fuga, Largo, Finale.

Minuet, Beethoven; Berceuse, Little Bird, Greig; Scherzo, Wehle; Hungarian Etude, McDowell.

Song without Words (No. 30), Mendelssohn; March Mignonne, Poldini; Ballade (G Minor), Chopin.

Bunte Blaetter, Schumann; Arabesque, Leschetitzky; Hungarian Rhapsodie, Liszt.

"The Rosary," the play which was the talk of the country last season, is repeating this season. This successful play of Edward E. Rose's, which is founded upon an emblem of purity, is a tale of everyday life in which the good is exalted over the evil, showing the principal character of a Catholic priest as the modern day finds him. It is far enough the priest that a misunderstanding in the Wilton family is correctly adjusted and the misery and estrangement cleared up. Intermingled with the valuable moral effects of the show is a beautiful love story, and also an abundance of comedy that the average theatergoer doesn't expect to witness, owing to the title of the play. Undivided strength is attached to the cast, which will consist of Frank Kilday, Florence Wright, Nettie De Coursey, Eleanor Rella, Harry Price, A. C. Van Slyke, Reginald Knorr, Henry Garrison and others.

"The Rosary" with the entire staging that Rowland and Clifford have so handsomely given the play, will be seen here on Monday, January 13.
