RHEUMATICS - GO TO IT

All Over the Country They Are Taking "Neutone Prescription 99."

"Neutone Prescription 99" removes the poisonous accumulations that lodge in the blood.

After one week's use you will be looking at other sufferers instead of being an object of misery and pity.

As soon as you take "Neutone Prescription 99" you can feel the pain and misery leaving and comfort and happiness coming in.

Brown's Furniture Store

Owing to the absence of Mr. Leo Sullivan, who has been called to Camp Dix, I have closed my Undertaking department. My store will now be given over to

Furniture, Sewing Machines, Beds

Mattresses, Rugs, Baskets and such other things as are usually found in a furniture store.

The stock will be largely increased in all lines.

Mr. Frank Baker and Miss Anna Brown will have charge of the selling and will be pleased to show goods at all times.

AMERICANS HAVE STRONG NERVES

Nervousness and Nerve Troubles on the Decline

"Nothing wrong but your nerves" is a saying that is fast dying out in this country. While nerve trouble is no organic disease, one of our leading nerve specialists remarked: "A man or woman might better break a leg than have a shattered nervous system."

Overwork and worry drains the nerve cells of their reserve strength and food, and then follows the sleepless night, indigestion, poor appetite, impure blood and general nervous breakdown.

The thing to do in such cases no longer troubles doctors and their patients who know from their own experience the value of Phosphated Iron. They know that a few weeks' regular use of this nerve food and red blood builder will strengthen and brace up the whole nervous system.

To insure physicians and their patients getting the genuine Phosphated Iron we have put up capsules only, do not take pills or tablets. Insist on capsules.

Advertisement for United States Tires. Text: 'We Set Tire Standards. Why is it that United States Tires are setting new records for mileage and serviceability? Why is it that the sales of these tires are constantly mounting by leaps and bounds? The answer is found in the factories where United States Tires are made. Standards of construction for these tires are higher than ever before known in the tire industry. Makers of tire fabrics tell us that the standards we have given them for United States Tire fabrics are higher than any previously known. Likewise through every process of construction from crude rubber to finished tires—we have set new and higher standards, everywhere. These standards work out on your car in the practical economy demanded by war-times. United States Tires will raise any car to higher efficiency. There is a type to suit every condition of service. The nearest United States Sales and Service Depot dealer will cheerfully aid in selecting right tires for your requirements. United States Tires are Good Tires. GEO. B. MATMEWS, The Club Garage, Potsdam, N. Y.'
