INFORMATION ON STOCKS

It Will Be Gladly Furnished By Banks Or Chamber

The Chamber of Commerce wish to call attention to the service which they are prepared to render in connection with the investigation of issues of stocks and bonds which are offered to investors of Potsdam. In order that this service may be of the most value to the community, it is requested that anyone who is approached by a stock salesman will at once notify the chamber of commerce and also ask the salesman if his proposition has been investigated by that body.

Upon receipt of a request your banker or the investment committee will be glad to secure information and save a possible loss. Securities which are offered by so-called "high pressure" methods may often be purchased in the market for much less than their par value.

In some cases the stock may be totally without value as evidenced by recent experience of the Chamber of Commerce in a neighboring town which investigated a company prior to their selling stock in the town and found that the company was already bankrupt and in the hands of the receiver.

In order that this service may be of the most value local people must cooperate in the manner suggested when approached by a stock salesman.

WEDDING OF PRINCESS MARY TO LORD LASCELLES FAVORED BY ENGLISH.

The wedding of Princess Mary, only daughter of Queen Mary and King George of Great Britain, to Lord Lascelles, heir to the Earl of Harewood, is taken with much interest by the English people, who are inclined to favor the match. Viscount Lascelles has long been identified in the highest of Great Britain's exclusive circles as a man of repute and worthiness. He is a great leader in the financial world, a leading figure in turf circles and is connected with many English athletic societies. Besides being the sole heir to the Earl of Harewood, he is very wealthy in his own right. It is said that he may be appointed Governor-General of Ireland. Princess Mary, on the other hand, is one of the most liked of all European Princesses and has long been identified and connected with the work of charitable organizations. During the war she was a Red Cross worker and went to France, where she tended to the wants of wounded soldiers. She is a leader in social circles and is a head in Great Britain's Girl Scouts. These pictures of Princess Mary and the Earl are two of the best thus far to be published.
