

Investiture of Monsignor Bent Held at Cantou

Rt. Rev. Father John J. Bent, pastor of St. Mary's church, Cantou, was invested as a domestic prelate with the title Right Reverend Monsignor, at impressive services, conducted by Most Rev. Bishop Francis J. Monaghan, Bishop of Ogdensburg, at St. Mary's Church, Sunday evening. Following the ceremony, about one thousand parishioners and friends of other denominations gathered at Cantou town hall, for a reception and entertainment in honor of Monsignor Bent.

Monsignor Bent following his response to the laudatory remarks by the Bishop, celebrated benediction of the Blessed Sacrament. He was assisted by Rev. Father James E. Joy, Norwood, as deacon and Rev. Father Edward A. Tetrault, Hogsburg, as subdeacon. The Bishop was assisted by Rev. Father James J. Gainer, Madrid, and Rev. Father Albert J. Farrell, Norfolk. Over forty priests of Northern New York parishes, were present at the ceremony.

Speakers at the reception were County Treasurer Charles M. Tait, Rt. Rev. Msgr. J. H. Hogan, president of Wadhams Hall College, Ogdensburg; Rev. Father Herbert Hannan, curate of St. Mary's Church, who presented Monsignor Bent with a spiritual bouquet from the parish; Hugh Desmond, who presented a purse from members of St. Mary's parish and other friends; and Raymond Coloton, master of ceremonies. Monsignor Bent very graciously expressed his thanks for the tributes, which also included a pageant, "Dedicated To Our Beloved Pastor," by the pupils of St. Mary's School.

Monsignor Bent has been pastor of St. Mary's church the past three and one half years, succeeding the late Monsignor O'Neil. He was ordained to the priesthood thirty-two years ago. He gained his first special recognition, when he successfully built a new church at Waddington and cleared it from debt during trying conditions. Before coming to Cantou, he was pastor for several years at Keeseville.

CRANE FRATERNITY PLANS ANNUAL REVIEW FRIDAY EVENING

Tri Sigma fraternity of Potsdam Normal, will hold its 8th annual review in the Normal school auditorium Friday evening. Songs of Clarkston, Normal and St. Lawrence University, written by students, and popular through the years, will feature the overture, which has been arranged by Charles Biondo of Manaroneck. An orchestra of over 30 pieces will play at the entertainment.

FIRST REPORT OF NEW MAPLE SYRUP MADE

Mr. and Mrs. C. Leon Stone of Route 3, Potsdam, were first to report new maple syrup made in this vicinity over the week-end. Trees were tapped early Sunday and there was a good run of sap during the day. Several trees along sides of roads leading out of Potsdam are observed tapped, with sap running freely. Present indications are that an early sugar season has already opened.

PARTY HELD FOR COUPLE WHOSE MARRIAGE WAS RECENTLY ANNOUNCED

Mr. and Mrs. Francis Crump were very pleasantly surprised Saturday evening when 50 of their friends gathered at the home of her father, Flint Russell, old Parishville road, and greeted them as they entered the home, accompanied by Mr. and Mrs. Axel Thompson. The occasion was in honor of the bride and groom, whose marriage of last July 26 was recently announced.

When the couple arrived, their friends greeted them with a song of congratulation, after which a mock wedding was performed. Mr. and Mrs. Anson Barkley of Pierrepont acted as attendants, and Kenneth Campbell of Malone took the part of the minister. Cards and dancing were enjoyed during the evening. Mr. and Mrs. Crump were presented with numerous gifts, after which refreshments were served. A beautiful wedding cake, with white and silver trimmings, made by Mrs. Claude Thompson, featured the luncheon. Hostesses of the party were Mrs. Claude Thompson and Mrs. Willard Wells.

SEVERAL TONS OLD LICENSE PLATES TURNED IN TO BUREAU

William Mead, clerk of the automobile bureau at Cantou, reports that already three tons of old automobile license plates have been turned in or collected by the St. Lawrence county motor vehicle bureau and sold for old metal, the proceeds being turned over to the county Red Cross organization.

He anticipates gathering about four more tons of plates, as many supervisors have not yet turned in the plates from their towns. These plates will be collected soon and sold to add to the fund.

The Paradise Valley 4-H Club, near Pierrepont, is the largest donor of plates, having turned in over 450.

Insurance Plan Is Announced

A plan of mortgage insurance, a new form of protection to home-owners is now being offered by the Potsdam Savings and Loan Association through a nationally known 91 year old life insurance company, Lyle Mott, secretary of the Potsdam Savings and Loan Association announced today.

Commenting on the protection afforded by this plan, Mr. Mott stated that mortgage insurance is as logical and as important to carry on a home as fire insurance, in that it provides an even more vital form of protection. "It guarantees," Mr. Mott said, "that the home will be handed down to dependents completely mortgage free if the mortgagor should fail to live, in which event the remaining balance of the mortgage is immediately paid up under the terms of the policy." In adopting this plan for its mortgagors, Mr. Mott said that the officers of the Potsdam Savings and Loan Association believe it is an important social force in the community. He added that mortgage insurance has been the means of saving many thousands of homes. The payments that have been made as a result of the

VARIED WEATHER CONDITIONS MARK FIRST THIRD OF MARCH

Typical March weather visited this section over the week-end, with a variation of temperature registering from a high of 62 degrees in the sunshine Sunday, to a sudden drop Monday night to below 20 degrees.

A general March thaw of Sunday and Monday lowered the snow causing brooks and ditches to overflow, and large ponds formed in meadows. Monday night a sudden change occurred with a strong gale accompanied by snow and much colder throughout the night and Tuesday.

A few farmers in this section, encouraged by the springlike weather Sunday, have tapped their sugar bushes.

Bill Says:

Overtating Ourselves Is Not Going To Win This War. So Far Everything That Has Happened Proves That We All Have Been Asleep.

The Japs cannot be blamed for Pearl Harbor. We were asleep. They got in the first punch and we are asked to wait a year or so until Nelson (if possible) produces all the tanks, planes, guns and ships that we should have had ready before we can slap them as bad a punch.

Of course there was plenty on our leaders' minds to keep them from making preparations sooner. They had Perkins, Hillman and Lewis to appease. The forty hour week had to be made law and the W. P. A. taken care of. We should forget the forty hour or any other limit on our working week until we lick or are licked by the Axis. Now this was enough to keep those in power asleep to foreign dangers.

Germany was getting plenty of practice on modern war in Central Europe.—Japan (a joke) was teaching her air force to bomb effectively in China.—Italy was getting lessons from Germany but was not an apt pupil.

During all this time we were playing war (with stovepipe guns and machine guns made of waterpipes) and banquets and pink teas kept our officers busy. Of course they had to sleep. It's nice to lie in bed but we have to wake up for there are so many things to be done.

The first world war was a sparring match compared to what we are up against now but even then we had to eat bread that was a combination of grains and old timers that went through that war ate plenty of corn meal mush and jonnice cake.

With millions of men being taken out of production for the army, navy and air force we are going to be short of many things we are used to and think we cannot get along without.

If we wait we sure will wake up but why not get busy. During the last war we had garden clubs in every town. Remember Prof. Griswold who died from over work with his garden club of young boys? Their gardens were scattered all over the village and a large one on the Fimmemore farm.

These clubs and gardens are going to be much more necessary this war than last and it is time we were making plans for them. Teachers should begin to get their pupils interested, which should not be hard if they are told what they may be called on to face if the cupboard is bare. Older people should not be so hard to get to work if they do not forget.

IF PEOPLE OWNING PIECES OF LAND THAT THEY WOULD BE WILLING TO TURN OVER TO GARDEN CLUBS OR INDIVIDUALS, WILL SEND THEIR NAMES AND THE LOCATION OF THE LAND TO THE WRITER HE WILL BE PLEASED TO SEE WHAT CAN BE DONE ABOUT FLOWING, ETC., AND KEEP THEM INFORMED.
