HOW SMART ARE YOU? Plenty smart, if you are one of the thousands of girls and women who have found blessed relief from "monthly grump" in Chi-Ches-Ters Pills. Of course, they do not correct organic menstrual conditions that require consultation with your doctor. But they do help to relieve the discomfort of functional pains, cramps, headaches and nervousness that frequently accompanies the normal menstrual period. Taken according to directions, preferably two or three days in advance of your time, Chi-Ches-Ters Pills tend to relax the muscular contraction that is often the cause of unnecessary distress. An added iron ingredient helps promote resistance and energy. Before suffering again ask your druggist for Chi-Ches-Ters Pills, and accept no substitute. Caution: Use only as directed.
