"RIVERSIDES

didn't come on my car

I CHOSE THEM!

Your neighbor's Riversides didn't come on his car; he chose them himself... to replace the tires he found on his car as "original equipment"! He is one of the millions who have chosen Riversides deliberately in preference to the brands that come on new cars, as well as all other famous makes! Why? For the same reason that makes so many car owners switch to Riversides today:—

More MILES-OF-SAFETY ON RIVERSIDES

TODAY!!! Riversides are actually stronger than Wards pre-war tires! Each ply is stronger because each cord is stronger to begin with; then chemically-strengthened to stay strong, to provide greater protection against blow-outs!
