Cub Scout Leaders

Pow-Wow in Canton

The St. Lawrence Council of the Boy Scouts will hold the annual Cub leaders' "pow-wow" at Canton

High School May 24. The pow-wow is the big training event of the year for all Cubmasters, assistants, den mothers, den chiefs, committeemen and interested parents.

A "pow-wow" prepares leaders to return to their own packs with knowledge and experience in games, handicrafts, ceremonies, entertainment and pack administration. In addition to at least four hours of intensive training in the major subjects, the Cub leaders learn while they eat by observing and participating in a "Blue and Gold" banquet.

The major aim of a "pow-wow" is to train den mothers and committeemen to give Cubmasters practical help.

The "pow-wow" faculty is as follows: LeRoy Dunbar, general chairman; Mrs. Marion Frego, Mrs. Clay Emburey; Mrs. Eugene Bonno, Foster Chase, game section; Henry Dominy, Willard Dewey, Neal Caneen, Mrs. Homer Clafin, Charles Conto, handicraft section; George DeLair, Erwin Zahler, Henry Dominy, ceremonies and entertainment; Wilson Reay, Ernest Delorme, pack administration; Homer Clafin, Charles McAdam, exhibits; Foster Chase, physical arrangements; Mrs. William Viertel, Blue and Gold banquet chairman; Eugene Bonno, midway chairman.

PHONE SERVICE BIG BARGAIN. Today's cost-of-living figure shows a jump of 89% since 1939. Yet telephone service for the average home has risen only 15% in this same period. It's one of today's best buys.

Even though your money looks the same, it buys only about half as much as it did in 1939. That's because most things you buy have doubled in cost. Some have even tripled. But not your telephone! Today the price of telephone service for the average home is up only 15% since 1939, compared with an increase of 89% in the cost of living.

Yet for this slight increase, telephone service is a bigger buy than ever. Millions of phones have been added. Customers in the average community can call twice as many people without paying a toll charge. Operator toll dialing means faster service on thousands of long distance calls. And the company is still hard at work expanding and improving service.

When value goes up but the price stays low, it's a good measure of a bargain. That's why your telephone is one of the biggest bargains in your family budget.
