The Minority Rules, Too!

Thousands of letters have come our way since we first invited our friends to tell us what they thought of A&P. It is gratifying to report that the majority of them have been complimentary. And it did our hearts good to receive them. But since we make it our business to try to please all the people all the time, it's the minority group—those who have made suggestions or criticisms—that we're most concerned with.

We assure you, each and every one receives our attention, for we're doing our best to make everybody who shops at A&P happy.

This is one business where the majority and the minority rule. If you have any criticisms or suggestions on how we can better serve you, please tell your friendly A&P manager.
