POTSDAM HIGH-LIGHTS

by JUDY LOWE

This is the last full week of school this semester. Next Thursday and Friday Clancy lowers the boom as exams commence. The following week, beginning the 16th, are Regent examinations. How gay. This is the event that everyone has been looking forward to all year with eager anticipation. Subsequently all are prepared without a doubt. Who's kidding who here? Anyhow they're practically arrived, we've got to tackle them, and there's nothing we can do about them. Let's face it, our goose is cooked.

This item of news is so good that I have to put it near the beginning. It seems that the faculty was pretty confident on winning that softball game last Thursday for the seniors. However the tables were turned and they were defeated by an overwhelming score of 23 to 2. They have been taking a riding ever since. This victory was a pay check for the faculty's win last year. It was all in fun and no hard feelings. In a previous game the seniors defeated the juniors by a slim margin of 8 to 7.

John Tennant, a junior, has been selected by a preference vote of the junior class and a decision among the faculty to attend Boys' State at Colgate on June 22-23. This is an honor for anyone to receive. Have fun, John.

The annual Van Dusen is this Saturday in Ogdensburg. Members of the track are readying themselves for this big event.

Postwood was the scene of wild excitement a week ago Wednesday for the Girls' Athletic Association held its annual picnic there. A good share of the girls went in swimming which added to already fiendish appetites. Just yesterday the LBB, both junior and senior members had their picnic at Greens Point. By midsummer picnics will be old stuff.

This past week the band has had a vigorous workout. On Wednesday they led the annual firemen's review. While on Friday they marched in the Memorial Day parade. The 1952 football season is the next time the band will appear on the march.

Several baseball games that were rained out in past weeks are making another go at it this week. The team played Norwood-Norfolk on Monday, Watertown here on Tuesday, and they will attempt to fox the weatherman on Friday and play Saranac here. In Ogdensburg the team lost a 3 to 2 decision against St. Mary's in an exhibi-

tion game on Memorial Day. Last week they defeated Canton 4-2. With three games set for this week, the players ought to have quite a workout. . . .

The ring on the fourth finger of Ann Manfred's left hand can mean nothing but an engagement. The wedding is set for sometime in November. Ann is a junior, and she will complete her high school course in summer school in Canton.

On the average of once a week the golf team composed of Bill Sturdevant, Cathy Speer, Pete Hodge, and John Crumb, leaves school early either for a practice session or a match. In a recent match with six schools participating, Canton placed first and Potsdam brought up the rear.

Recently Mr. McMann and Mr. Turcotte attended an adult education meeting in Saranac Lake. Just this past Tuesday Mrs. Dwyer, the school nurse, attended a nurses meeting in Lake Placid.

Last week Mr. Kingston went to OFA and presented them with the cup for their first place basketball team. Something like that would surely look nice in our trophy case one of these days.

On class day certificates of recognition were awarded to those whose poems were accepted for publication in the annual New York State anthology of high school poetry. The students and the titles of their poems are: Sally Anderson, "Close to Earth" and "Bitter Battles;" Nancy Stiles, "God's Purple;" Theresa Bovay, "Forest Pool," and Nancy Cook, "The Cause of Carelessness." The selections by Nancy Stiles and Sally Anderson were chosen for special mention. This is a fine showing for PHS.

See it for inspiration

You ought to see the new Haverly monument—(or any one of a hundred new ALL-POLISHED Rainbow Monuments). You should walk around it and look at it from every angle. You'll enjoy the fine proportion and modern lines . . . the clean gleam of surfaces which seem to draw color and light from deep within the hard granite. Rounded edges catch the flash of sunlight much as light is tossed by the facets of a cut diamond. Surely, here is a monument equal to the task of continuing the influence of an accomplished family; for instance, your family.
