Things you'd like to know about your Railroad

**THE CENTRAL IDEA**

The story behind "Meals on Wheels"

**NEW YORK CENTRAL SYSTEM**

1. WHAT OTHER TRAVEL can match the fun of meals on wheels? The sparklingly set table in your New York Central diner. The varied menu. The steward and waiter who seem to guess your wishes. And every tempting dish served up with a big helping of scenery on the side!

2. A MEAL A MINUTE is freshly prepared in this compact, stainless-steel kitchen. Into it and its adjoining pantry are nested more than 4,000 pans, dishes, glasses, pieces of table silver and linen. And they are bought mainly from makers along New York Central, in towns like yours!

3. STOCKING THE PANTRIES of Central's dining car fleet is done at commissaries. In a year, we buy 620,000 pounds of prime beef, 670,000 quarts of grade A milk, 400,000 dozen nest-fresh eggs, 105,000 pounds of butter, 120,000 pounds of flour, plus fine fruit and vegetables.

4. THAT ALL ADDS UP to a yearly food bill of more than \$3,400,000 for New York Central. Most goes to farmers in Central's area. And that helps local merchants. So dining car service is another way your Railroad is part of every community on its lines. And that's the CENTRAL IDEA!
