A&P BUILDING OPENING SET FOR NEXT WEEK—This new modern building will house the Potsdam branch store of the Great Atlantic and Pacific Tea Company beginning next Wednesday, Nov. 29. Construction on the building was begun during the late summer months. This particular spot has been the scene of a great many dis-

putes between the Village Board and the contractors for the building. The main issue was over the removal of Elm trees but all disputes were settled and the building will open as scheduled. The A&P plans to plant new shrubs or trees.
