MAN'S PRESERVER

The comforting and assuring message of the Beatitudes (Matt. 5) will be featured at Christian Science services Sunday.

The Lesson-Sermon on the subject "God the Preserver of Man" will consist of Scriptural texts and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

The Golden Text is from Numbers (6): "The Lord bless thee, and keep thee: the Lord make his face shine upon thee, and be gracious unto thee: the Lord lift up his countenance upon thee, and give thee peace."

The concluding passage states: "Divine Love always has met and always will meet every human need. It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good" (Science and Health p. 494).

2 Area School Systems Found Using Buses For Church Classes

Two more area schools confessed this week to providing transportation for students to church education classes - an illegal practice according to New York State Law which prohibits such action on the part of the schools.

The two schools involved are Madrid-Waddington Central and Colton-Pierrepont Central. Both Donald J. Connor, principal of Madrid-Waddington, and Michael H. Gorbitt, principal at the Colton school, told the Courier and Freeman Monday afternoon that they had been and presently are providing transportation for the church school students.

Connor stated that his school provides transportation for students in the elementary grades and that no attempt had ever been made by the churches to provide their own services.

In Madrid the Junior-Senior High School students have no release time for church classes since they operate on a split session basis.

Corbitt Hesitant

Corbitt was hesitant about providing information concerning the school's policy on the issue. He stated that the affair was a matter for the school district to decide upon and as for the rest of the people it was none of their business.

He did state however, that no students are walking or receiving outside transportation to church school classes.

In other area schools no violation of the law could be found. students at Norwood-Norfolk, Parishville-Hopkinton, Potsdam, and St. Lawrence Central schools are provided private transportation or in some cases walk to their classes.

At St. Lawrence Central it was discovered that the school had provided transportation until about a year and a half ago when a complaint was made to the state education department. Since then no school vehicles have been used for church classes.

Canton Case

The controversy about providing transportation came up last week when Canton Central School denied the use of school buses for church classes to students.

They had previously transported the students to church classes until a St. Lawrence University professor entered a complaint to the school board.

The board stated that it would imediately discontinue the use immediately discontinue pliance with the state laws regarding their useage.

FREE RABIES CLINIC

If you missed the last clinic, try to get your dog to one of these follow up clinics. A sizable number of unvaccinated dogs still exist, and dog vaccination is one of the most important steps in getting this disease under control.
