	\$30,612.53
--	-------------

**County Farmer Feed Grain Sign-Up Now**

Farmers who grew corn, grain sorghum, or barley on their farms in 1959 or 1960 will soon be able to sign up to participate in the 1963 Feed Grain Program.

The sign-up period for the voluntary Feed Grain Program has been set through Mar. 22. The Chairman listed the following features of the 1963 Feed Grain Program:

- (1) The program is voluntary;
- (2) It applies to corn, grain sorghum, and barley, for which crops the base acreages are added together into one "Feed Grain Base" for the farm;
- (3) Program participants must take at least 20% of the total base out of production and devote such acres to a conservation use;
- (4) A program participant must not exceed the Feed Grain Base for any other farm in which he has an interest in the Feed Grain Crops;
- (5) Diversion payments will be made to participants for shifting acreage from production to conservation;
- (6) Price-support payments (18¢ a bushel for corn, 14¢ for barley, and 16¢ for grain sorghum) will be made to program participants on the normal production of their 1963 Feed Grain Acreage, no matter what use is made of the grain.

Farmers are advised to come to the A.S.C.S. Office, 88 Main St. Canton, for Program details.

**Legal Notice**

NOTICE OF MEETING TO HEAR COMPLAINTS IN RELATION TO ASSESSMENT ROLL
