We're Moving Today

(Continued from page 1)

"big stuff" . . . linotype machines, our big "flat-bed" press in the basement, etc, will go on Memorial Day Week end, and this will probably bring many "sidewalk engineers" out for the occasion.

The new plant "up the block" is just about ready. In the front offices, the windows have been washed, the beautiful floor has been scrubbed and polished, and the phones are in. Some minor work is still left 'out back," but things will begin to take shape. By the middle of June, we expect to be "shipshape" and ready for inspection — by you, the public.

Meanwhile, it will be "business as usual" starting tomorrow (Friday) at our new location at 71 Market Street. We may be a little grimy and slightly disorganized, but we'll greet with our usual smiles. So if you have need of our services . . . editorial for newspaper stories and pictures, classified or display ads, commercial printing, or other matters, just wave at our old building as you cross Depot Street and walk past Grants and Pearl's to the NEW COURIER-FREEMAN.

Young Man's Clothes

Do you know what to look for when buying a man's suit? According to clothing specialists at the College of Home Economics at Cornell University, style, fabric, and fit are of utmost importance to the well-dressed man. Whereas style and fabric are often governed by individual preference, proper fit of a suit is determined by a few distinct rules.

Included in the rules are the proper length of the jacket, the amount of shirt collar an cuff which should show, and the shape of the armhole.

Many hints for a young man buying his clothing are available in the Cornell Extension Bulletin 1092, "Young Man Take a Clothes Look." Single copies are available free to residents of New York State. Send your request to the St. Lawrence County Extension Service, Box 86, Canton, New York.

in exposing Russian missile bases in Cuba, and campaigned extensively for the removal of Russian troops and material from the island.

Known In Area

Well known in the Upstate area, Senator Keating has expressed increasing concern for the substantial number of military base closings and defense cutbacks in New York State in recent months. He and Senator Jacob K. Javits recently sponsored a conference in Washington among the State's business, industrial and educational leaders to discuss alternative sources of business and jobs, and to outline new developments in research opportunities, which may result in renewed economic activity in the future.

A graduate of the University of Rochester and Harvard Law School, Senator Keating was a practicing attorney in Rochester from 1923-1949 before deciding to devote full time to politics.

He was first elected to the United States Senate in 1958, after serving twelve years in the House of Representatives.

During his long tenure in the House and Senate, Senator Keating has served on many important committees and sub-committees.

At the present time, he is a member of the Senate Committee on the Judiciary, the Committee on Aeronautical and Space Sciences, and the Special Committee on Aging.

Military Career

Now a Brigadier General in the Army Reserve, Senator Keating began his military career during World War I as a private and was commissioned a Major during World War II.

Among the many awards and tributes he has received, Senator Keating was cited as a "St. Lawrence Seaway Pioneer", and holds honorary degrees from 12 colleges and universities.

Senator Keating is the fifth in a series of speakers to appear at Clarkson this spring in connection with the College's lecture series.

The public is invited to attend.

test and to see a film on the 1963 National Jaycee Teenage Road-E-O, where 50 out of 500,000 teenage drivers competed for $4,900 in prizes plus a new Mercury convertible.

The driving skills exercises will be held on Sunday, May 17 at the Potsdam Shopping Center at 1 p.m. Awards presentation will be made on Sunday at 4:30 p.m. in the Potsdam High Auditorium. Awards will include: First Prize, $25 and trophy; Highest Scoring Girl, $20 and trophy; 2nd Prize, $15; and third prize, $10. All contestants will be awarded a certificate of participation.

The local winners of the May 11 contest, which is based on the combined scores of the written test and the driving skills test, will represent the Potsdam Jaycees at the State Safe Driving Road-E-O in Auburn in July, and compete for trophies and prizes of $300. The State boy and girl winners will represent the State Jaycees in the National Contest in Washington, D. C.

Parental permission entry blanks may be procured from the Potsdam Jaycees or at the Potsdam, Canton, Colton-Pierrepont, Norwood - Norfolk, and Parishville - Hopkinton Central Schools. Last year's representative from Potsdam was Robert Barstow, Jr., who competed in the State contest in Oswego.

Ridge Street, crossing the bridge, down the center of Spring and Main Streets, with a right angle turn to the Episcopal Church corner, then down the center of Bicknell Street to Morgan Street, and hence to the Stockholm Town line.

One of the two districts formed by this division will be known as No. 9, while one will retain the present No. 3 designation. This is the second time within a year that Potsdam has found it necessary to divide a district.

In other action, the Board accepted the one bid on a used power shovel and trailer, submitted by the Racquette River Equipment Corporation. They also authorized payment of $1,500 from the general fund for the house and garage on the George Swan property in the area of road construction near Unionville.

The State highway department's official listing of town road mileage, a total of 124 miles, was accepted. This is slightly lower than the previous total. Necessary repairs on several town roads were discussed and scheduled.

Supervisor Francis Healey reported complaints regarding junk yards and used car lots and a lengthy discussion ensued. Legal action was authorized in the case of one reported infraction of the laws in this respect.

The Board approved a contract with Edward Siedlecki of Hannawa Falls for operation of the Potsdam Park concession.

and has been engaged in direct aggression against a peaceful neighbor. They ducked my question for two months, but now admit that we were training the Indonesian fighters not only in police tactics, administration, and accounting, but also in this counter insurgency.

Now maybe there is some reason for feeding starving people, even under a government like that of Indonesian President Sukarno, who puts militarism above economic development and aggression above peace. But there is no reason in the world to teach the Indonesian Army how to attack its neighbors. I have registered a strong protest against this program.
