"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Bible Lesson to be heard at Christian Science services throughout the world on Sunday.

Scriptural passages will include this verse from Isaiah: "I will bring the blind by a way that they knew not; I will lead them in paths that they have not known: I will make darkness light before them, and crooked things straight." The concluding Bible citation is from Revelation: "And he that sat upon the throne said, Behold, I make all things new."

The theme will be taken up further in readings from the Christian Science textbook: "The true theory of the universe, including man, is not in material history but in spiritual development. . . . Spiritual evolution alone is worthy of the exercise of divine power" (Science and Health with Key to the Scriptures by Mary Baker Eddy, pp. 547, 135).
