

Sunday Rock - North & South Colton Athletes Honored During Sports Banquet

By Evelyn Riehl, CO 7-7450

The Coltons—Colton-Pierrepoint's athletes were honored Monday evening, June 14 at their annual banquet — and a splendid sight they were. A source of pride to all of us.

Last on the program, but first in the minds of all, were the coveted coaches awards, given each year.

Coch William Masucci's varsity award went to Ronald Van Brocklin for his contribution to sports in his capacity as soccer and basketball manager. The Junior Varsity Coach, Timothy Hennessey, honored Bob Gerish for his outstanding service in J. V. basketball.

Three-letter men in varsity sports were: James Bonner, Ronald Houston, Ronald Gotham, and John Scovil. Two-letter participants were: William Hoyt, Rick Rodwell, William Riehl and Tom Rogers, with Gary Garlough winning a letter in soccer; Ron Rodwell and Ed Gilmore in basketball and Lloyd Severance, John Rogers, and Vernon Cole in baseball.

Boys earning three letters, having participated in some varsity-some junior varsity sports—were John Fish and Edwin Simpson, Bruce Selleck, David Riehl, Steven Dean and Ed Pedersen received letters for two sports, while John Ames, Shaun Jones and Dick Buckley received junior varsity basketball letters.

Junior high basketball letters, coached by Norman Whyte, were earned by eighth graders George Howard, David Riehl, Pat Duprey, Andy Connelly, Thomas Regan, John Regan, George Casey, William Creighton and Phillip Call; seventh graders Steven Howard, Robert Pedersen, Joseph Gerrish, Daniel Gotham, Daniel Smith, William Baker, Bruce Swift, James Scovil, Robert Phillips, Larry Hill, and Jackie Hutchins.

Timothy Hennessey's junior high baseball lettermen were: Terry Perry, Pat Duprey, Phillip Call, Andrew Connelly, David Riehl, Tom Regan, William Creighton, George Howard, Larry Hill, Daniel Smith, Donald Severance, David Decker, Joseph Gerrish, Bruce Swift and Daniel Gotham. Congratulations go to the boys, their coaches and families.

Sunday, June 13's commencement at Canton Agricultural Technical College found two area graduates: Edward Al Fuhr received the degree of Associate in Applied Science with a major in agriculture. Ed is the son of Marion and Al Fuhr and will be riding instructor at Silver Lake Camp for the summer before continuing his education.

Dale Lee Rexford, son of Iris and Sidney Rexford, received his degree, an Associate in Applied Science, with a major in construction technology. Dale hopes to enter the field of architecture.

Coleen Houston, daughter of Eileen and Leonard Houston, was capped June 4 from the Albany School of Practical

Nursing. She will be working at the Albany Medical Center until next February.

The Wilson family—Linda, Jerry and Barbara—are proud to welcome to their midst Brian Patrick, born June 2, weighing seven pounds. Congratulations!

I had a simply beautiful day, Saturday, June 12 on our own Racquette River woodlands at Whispering Pines Camp, the Thousand Islands Girl Scout Council Camp. What a beautiful place it is!

Started in 1963, with the help of Niagara Mohawk Power Corporation and Edison Martin, good neighbor, the camp is entering its third season under the direction of Ogdensburg's Marjorie Crayderman.

The presence of this fine Girl Scout Camp in our area is another source of pride.

In the "get ready for this in advance" department is the 75th anniversary celebration of South Colton's Methodist Church.

Getting set for a big week end July 10-11 are Betty Newton, WSCS president, and her committee chairmen, Bernice Niles, Gladys Reed, Mary Fisher and Ruth Selleck.

The plans include a showing of the Racquette River films prepared by Niagara Mohawk, a bazaar and food sale, a smorgasbord dinner following the Sunday services.

More about this, as the time approaches. It sounds like a big time for all—North and South of Sunday Rock.

We still let nature make the beer

what does this mean to you?

it means: you get a beer with a light, clean flavor, because we brew Utica Club from the harvest, with nature's choice whole grains...never any extracts.

it means: you get a naturally lively beer, and it stays that way right to the bottom of the mug, because carbonation is aged in... not pumped in.

it means: you get a light beer that still tastes like beer, because we add a little bit of rice for lightness.

it means: you get a smoother, mellower beer, because we still take the extra time to age Utica Club naturally...for months, not just weeks.

We still let nature make the beer... because that's the way you like it
