The wild strawberries are ripe, and, oh so tasty. Picking them brought to mind various products of nature that are tuned to the same frequency. Having just noticed the firefly for the first time this summer, I made note that next year, when the first firefly is seen, it will be time to look for the strawberries. Did you know there are some 2,000 species of the Lampyridae family (firefly) on our globe, and some have a wing spread of several inches. There is one family in Paraguy with a green light on the side of its body and a red light at the rear. Scientists have been studying the puzzling heatless glow for many years and still do not understand completely why this insect's light is so efficient. Technically, it is luminescence without incandescence. But aren't they fun to watch!

Miss Diane Connelly of South Colton, "Miss Thousand Islands", was guest of Rotary this week.

A full Staff Meeting has been called for Saturday at one p.m. at Windy Acres for the Raquette Valley Neighborhood Day Camp.

Lots of annual dinners and reunions these days — Boy Scouts Awards Day Dinner at Fiocco's last Thursday night; annual dinner meeting of the Wednesday evening of the East St. Lawrence Chapter, American Red Cross; and in the field of reunions the Co-vell family was well-represented in Potsdam last week-end when Wendy's sister and family of Stockton, Calif., Mr. and Mrs. Robert Olmstead and sons — Lt. Phillip Olmstead and Stephen Olmstead — accompanied by Miss Beverly Schuppe also of Stockton came to Potsdam following Lt. Olmstead's graduation from West Point. Also here were cousins, Mr. and Mrs. Fred Covell of Yuba City, Calif., and, of course, Wendy's father, Pearl Covell, has been visiting here for several weeks. He returned to Stockton with the family.

Incidentally, Jack Covell was elected to the Board of Directors of Phi Sigma Kappa Social Fraternity at the June Board meeting.

Saturday night the Class of 1960, Potsdam High School, reunions at the Roman Gardens with a cocktail party from 7-8 and dinner and dancing to follow. The classes of 1949 and 1951 have been in-

vised to join and meet old friends. Approximately 80 reservations have been made including Leo Hall (who is now Dr. Hall in geology, I think), Bob sundy, Sally Everest, Pudgie Cole, Rob-wra Trauger all married gals now, but the husbands' names escape me.

It was a reunion of sorts last week for Mrs. Sanford Dewey of Leroy Street when Mrs. John Quentin (former Ruth Perrin) accompanied her husband to Potsdam for his 25th reunion at Clarkson. Ruth stayed on in Potsdam with Betty Dewey visiting friends and family, and those high school classmates were joined by Mrs. Paul Stangel (former Marie Moran) who came from New Mexico for her 25th reunion at Cortland State before travelling on to Potsdam. Marie and her husband are on the faculty at Eastern State College in New Mexico. The girls had a grand time recalling past days at Potsdam High School, and Betty and Ruth attended the wedding of Jo Ann Miller in Syracuse, who is the daughter of still another classmate, Ruth Scheller Miller.

It was Girl Scout Leader Recognition Night at Lions Club this week and a farewell to the Girl Scouts from Troop 11 who are graduating from high school this month. By the way, the tickets for the Lions Club sponsored King Brothers Circus July 10 are available from any Lion or at Adirondack Auto Sales. There will be an afternoon and an evening performance, and the circus will be held in a vacant lot near the Seaway Shopping Center. Joe Betrus is chairman.

Word was received from Dottie and Bob Wynant this week, who are in Baltimore. They detoured to that city to visit their children before heading westward to Dubuque, Iowa for the International Rendezvous of Avion Travelers Club Members. Dottie ended up in the St. Agnes Hospital, Baltimore, for emergency surgery, on Monday, June 21. Their address is 1212 Fox Den Road, Elliott City, Maryland, and Dottie would certainly love to receive cards from her Potsdam friends. Bob is former manager of the Montgomery Wards Store here.
