CROSSROADS, MOIRA RATED FINEST

BY MAGGIE

The late Winston Churchill once stated, "If I could paint, Maurice, like you can cook, I'd be a Michaelangelo."

That's when the Crossroads Chef was cooking for this famous Englishman.

How you'll enjoy Roast Beef roasted in English Ale, or Duckling, or fresh Red Snapper or one of many wonderful entrees, Chef Maurice prepares nitely and Sunday p.m. Gourmet dinners $2.75.

And the Coconuts from Hawaii bring romantic music nitely and Sun. p.m. to the lounge. Really a wonderful place to dine and have fun. Fully Air Conditioned.

It never touches a drop.

You couldn't put water in a Volkswagen if you wanted to. Or anti-freeze either.

The VW engine is cooled by air. It doesn't have a radiator. Or any of the usual radiator problems.

No hose to leak or clog or run up costly repair bills.

Nothing to overheat or boil over in hot weather. (You never see a VW cooling off by the side of the road.)

Nothing to freeze in cold weather. The money you save on anti-freeze is a dandy little dividend.

You get more dividends when it comes to gas and oil.

The VW averages 32 miles to the gallon of gas. Sometimes even more. Sometimes a little less. Depending on how you drive.

You can almost forget about oil. The VW rarely needs it between changes.

Tires go a long way, too. Common wear is 40,000 miles.

Maybe that's why so many people are going Volkswagen. It's not a car that spends your money like water.

Camp Vigor Opens Season July 4

Canton— The past week began the first construction and further development of the Boy Scout Camp Vigor as a result of the recent Capital Development Fund Drive, the St. Lawrence Council, B.S.A., announces.

One old cabin has been taken down, the old shed near the parking lot has been dismantled, the good timber and boards saved, and construction begun on new latrines for the Troop Campsites.

The parking lot has been bulldozed, fill added and leveled to approximately three times its former size. The swimming beach has been bulldozed to move the large rocks back and to the side to provide a larger beach area.

On the site of the old cabin that was removed, the hole has been dug and the area being prepared, and the building being fabricated, and it is expected that by opening day, the new Visitors Rest Room will be ready.

Quentin Reutershan Associates, Potsdam, has been retained as the architects for all buildings planned to be built at Camp Vigor. The schedule of building calls for certain buildings to be erected during the next three years. Bids for construction during 1966 are expected to be let this fall.

The last of the pledges continue to come in slowly as several firms are yet to be heard from, but the total amount raised is now over $160,000, according to Ronald W. Hynes, chairman.

Camp Vigor-of-the-Woods the year-round Boy Scout camp, opens its summer season this Sunday, July 4. It is expected to have six full weeks operation and a seventh week is being made available if demand warrants it stated Joe N. Betrus, camp director.

Local units scheduled into camp are the following:

Sunday, July 4—Troop 14 of Madrid; Sunday, July 18—Troop 15 of Potsdam; Sunday, July 25—Troop 39 of Winthrop-Brasher; Sunday, Aug. 1—Troop 38 of Waddington; and Sunday, Aug. 8—Troop 12 of Norwood and Troop 16 of Hopkinton.

The maximum number of Scouts that can be accomodated currently is limited to 120 boys per week in addition to unit leaders and the regular camp staff. As facilities are built and new program instituted in another one or two summers the number of boys to be in camp each week will climb toward the 200 mark.

Visitors night is scheduled each week for Thursday evening with a camp-wide campfire in the Council Ring overlooking Clear Pond. The public is welcome.
