what is the definition of a private brand?

To some people, it is a retailer's own brand created with selling price first in importance and quality second.

To us at A&P, it's the opposite.

Quality comes first.

Value...the best for the least is the rule for our private brands.

If this wasn't true,

how foolish we'd be to invest, as we have, literally millions of dollars in processing plants and testing laboratories.

If all we wanted were products we could sell cheaply

without quality control, anybody could produce them for us.

The idea of quality private brands isn't new at A&P.

As a matter of fact, it's one of our oldest policies—

and by golly, we're proud of it.

Are A&P Private Brands a good reason for shopping A&P?

They're one of many.
