Notice to League Secretaries
 Again this year as in the past, we are asking you to please bring in league standings and events on separate papers. If standings and team events are sent in on the same piece of paper, they will not

be set. This rule will be enforced the same as it was by Al Fuller last year. Your cooperation will be appreciated. Thank you, Ray Ewart

Last year, over a quarter million owners of other low-price cars were won over to Plymouth. It started a movement, a momentum, a beat.

And the Plymouth win-you-over beat goes on.

Inside, Fury's options don't have that "added on" look. The Auto-Pilot is on the turn signal lever. Air conditioning outlets are part of the instrument panel. And the beat goes on.

Plymouth Fury has the biggest brakes in its class. And the biggest trunk. It's also the heaviest. And the most solid. And the beat goes on.

This is the 1968 Plymouth Fury. It still looks long and low and wide. Only richer. And much more beautiful. And the beat goes on.

We made our 2-door sedans look like hardtops. And we created a new low-cost, high-performance car called the Road Runner. Its horn goes "Beep-Beep!" And the beat goes on.

There are 64 new Plymouths for '68. Full-size, mid-size, sports cars, wagons and compacts. We could build a car a minute for an entire year. And never build two exactly alike. And the beat goes on.

This is the 1968 GTX. One in a whole new line of mid-size cars for '68: GTX, Sport Satellite, Satellite, Belvedere, Road Runner. We've given them all-new styling for '68. And the beat goes on.
