

## Patchwork

**Barge in**  
The bi-centennial barge was in Ogdensburg on Sunday. It was supposed to be there Saturday and Sunday, but due to rough waters the barge didn't arrive until 9:45 p.m. on Saturday evening. We drove up on Sunday and lunched early. There was a good band playing in the park, there was cake and ice cream for sale, and of course popcorn and other little goodies. We entered the barge without too much of a crowd. I found that in a very short time it was getting very crowded and it was difficult to read and see the displays due to too many people. It was interesting and we did enjoy it.

While at the barge the children were finally rounded up. I discovered they had run into neighbors Jack and Pat Bates and family. While aboard the barge I ran into Tom White who claimed his family was with him, but I never did see them. Did chat with Pat Ward later and Pat agreed that the barge was interesting, but too crowded.

**4-H prizes**  
The 4-H clubs have had entries in the fair. Not all results are in but from the Busy Homemakers I hear Alan Blanchard got a blue ribbon for his chickens. Also from that club a reminder that the picnic will be August 19 a Thursday. All will meet at the schoolhouse with a covered dish. The picnic will be at Hannawa Falls.

**Sew on**  
Interesting news, Hilda Thomas, the most popular and the most patient sewing instructor in the North Country has some exciting news. Actually I had to laugh to myself while chatting with her. Hilda was all excited over her vacation. She said she had the nicest time, caught up on some sleep and just relaxed in some really pretty country. Hilda flew out to visit her sister Sylvia Williams and family. She visited Denver and Colorado Springs area. She was so busy telling about how nice it all was and her flight back as being hectic and frustrating.

And then we hit the real Hilda and what did she really do out there? I just knew she couldn't go any place without checking fabric shops and prices and new patterns and all the new ideas going in the sewing world. I was right. She didn't miss much in that field even though she claims she just plain relaxed and did nothing. Just ask her what she learned. She'll not talk about how pretty Colorado is -- she'll tell you about the class she took in ultra suede. She'll tell you that you can buy the stuff for \$35.00 a yard or you can buy a polyester suede for much much less.

Hilda brought back all kinds of patterns and by golly she's ready! Yes sir, came home and started sewing with the new fabric and will offer instruction to us every day sewers at the advanced sewing class she will teach in the Fall for BOCES offered at the Potsdam High School. And don't let the word "advanced" scare you. Hilda doesn't teach anything so far advanced that one can't understand and then DO! It's like magic--her classes!
