

LINES of a dock are reflected in the smooth surface of the Racquette River during a peaceful summer evening. James Levitt took this shot on the riverfront near Spring Street.

Costume exhibit to open September 14

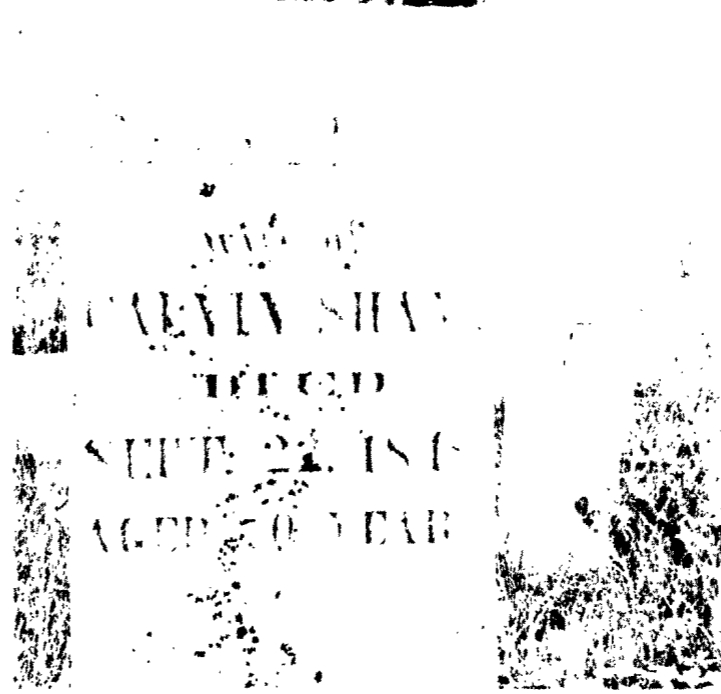

The Costume Exhibit which has been at the New York State Fair during the past week will return this week to Potsdam and will be on exhibit in the Potsdam Museum starting September 14 and continuing on through October.

The exhibit depicts a wedding scene of the 1880's. There are six figures included: the bride, mothers of the bride and groom, a younger sister of the bride, the bride's grandmother and a seamstress. The exhibit was transported to the Fair by Mayor Ruth Garner in a hearse which could accommodate all the "bodies." The exhibit was planned by Radka Zuman and prepared with the assistance of Klara Lovass-Nagy. The Potsdam Museum is honored to be chosen by the Art and Home Center as the only Museum to present such a display.

The Museum will hold an Opening for this exhibit and the New autumn exhibit on Wednesday, September 14, at 7:30 p.m. The new exhibit will feature 45 black and white steel engravings of William H. Bartlett, pioneer illustrator. These engravings have been loaned to the Museum by Dr. and Mrs. Theodore Fenner.

Museum exhibits are made possible by the support of the New York State Council on the Arts. The Museum is open Tuesday through Saturday, from 2 to 5 p.m.

NEWVINE COMPLETES COURSE
Navy Seaman Brian F. Newvine, son of Mr. and Mrs. Robert F. Newvine of Box 108, Norwood, has completed the Navy's Basic Electricity-Electronics Course.

Four weeks of study at Great Lakes, Ill., included review of basic mathematics, fundamental electrical formulas plus the principles of alternation and direct current circuits. Students also received instruction on basic circuit testing methods, including the use of multimeters and audio signal generators.

A 1972 graduate of Norwood Norfolk Central High School, he joined the Navy in December, 1976.

MEMBERS OF THE WEDDING—Mayor Ruth Garner furnished transportation for Radka Zuman and Klara Lovass-Nagy and their wedding exhibit to the New York State

Fair. The museum had been invited to display their costumes at the fair in Syracuse and the mayor offered them a unique mode of transportation. (Victoria Levitt photo).

Writers' conference series to air

Author Joyce Carol Oates will be among the writers featured on a four-part series to be broadcast in September on WSLU. The programs focus on the 1977 St. Lawrence-Fiction International Writers Conference held last June at Saranac Lake.

Oates, author of several novels and short stories, including the recently published "Childwold," appears on the first and fourth programs. On the final program, Oates reads an as-yet unpublished story entitled "Daisy." Following the reading, Oates talks about how she relates to her writing.

Others highlighted in the series include poet Theodore Weiss, conference director Joe David Bellamy, and novelist Ann Beatty. There will also be readings by several students present at the conference.

The series will be broadcast on four consecutive Monday nights at 7 beginning September 5. The Writers' Conference programs will be repeated on Friday, mornings at 10:05, beginning September 9.

Here is an outline of each program in the Saranac Writers' Conference series: Program 1—(September 5-7 p.m. and September 9-10 10:05 a.m.): Interview with Conference director Joe David Bellamy; presentation by author Gail Godwin (Dream Child); interview with Ann Beatty (Distortions and Chilly Scenes of Winter); Presentation by Joyce Carol Oates.

Program 2—(September 12-7 p.m. and September 16-10:05 a.m.): Poetry reading by Theodore Weiss; student reading.

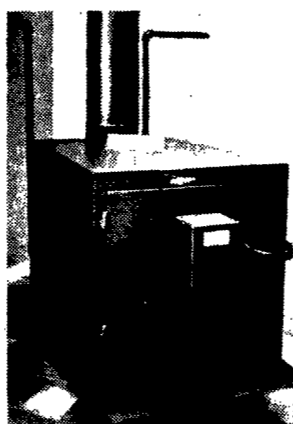

Program 3—(September 19-7 p.m. and September 23-10:05 a.m.): Student readings

Program 4—(September 26-7 p.m. and September 30-10:05 a.m.): Reading of "Daisy"—short story by Joyce Carol Oates, following the reading, Oates discusses her writing.

WSLU-Fm is the North Country's public radio station, broadcasting from Canton, at 96.7 megahertz.

The cranberry is a native North American fruit. It was an important ingredient in the Indians' pemmican and was also thought by them to have medicinal properties.

For Homes With Hot Water Heat

THERMO-CONTROL "HOT WATER HEAT" WOOD STOVE Model 500W

This Thermo-Control features automatic thermostat, airtight, downdraft system, firebrick lining. This ingenious heater works in tandem with your existing oil, gas, electric or solar hot water heating system. Thermo-Control 500W, which can be installed in about two to four hours, comes with the 3/4 inch special A-40 pipe already installed in the firebox. Stoking is done twice a day and your existing system turns on only rarely, acting merely as a backup unit. The saving can range from 50 to 100 percent on expensive fuels. Available with optional warm air hood, domestic hot water piping. Overall dimensions 34 inches long, 24 inches wide, 32 inches high. Firebox door measures 18 inches high by 21 inches wide for easy loading. If your present hot water system will heat your home, so will the Thermo-Control "Hot Water Heat" Wood Stove, but without burning expensive fuels. Shipping weight is approximately 455 pounds.
