

Patchwork: West Potsdam Area News

BY MARY ANN MILLER
285-4706

The long-awaited West Potsdam Firemen's Field Day begins at noon on Aug. 20.

Chief Bill Grant and department members Leroy Ackley, Charlie Bates, Stretch Berger, Spencer Blanchard, Paul Bonno, Steve Bowen, Tim Bradish, Bill Brogan, Claude Burdick, Willis Coleman, Larry Dalton, George Deon, Bruce Durant, Charlie Forbes, Rod Frary, Bruce Friedel, Fred Henderson, Skip Hobbs, Don Kingston, Weldon Lumley, Homer McEwen, Gilbert Miller, Mike Miller, Ric Miller, Dewey Pierce, Lee Pierce, Ron Richardson, Huey Rood, Dave Sanford, Dick Sanford, Bob Schofield, John Sheehan, Del Tyler, Bern Weaver, Ed Weaver, Harold Wilson and Mike Gill invite us all to join them at the field day. They have worked hard to offer everyone an exciting day.

The firemen and ladies auxiliary marched in the Hannawa Falls parade on Sunday. As usual the men from Hannawa outdid themselves and the crowd that came to enjoy the events was huge. Our men took third place and the ladies took first place in the marching group with no music. In waterball the women had two teams to compete against, Piercefield and Natural Bridge. The ladies from West Potsdam took first place. The men with horseman Bob Schofield did well and took second place with Pierrepont taking first place.

Other members of the department ran the Firemen's Mobile Midway rides. The West Potsdam volunteers then dismantled and transported the rides to our field to be put up. The men from Hannawa will operate the rides for us.

MD Carnival
Congratulations to Maureen and Mary Ellen Logan, Susie Bates and Susie Blanchard who put together a carnival for muscular dystrophy. The kit sent to the group gives suggestions for games and refreshments. The girls had all kinds of help from the neighbor children to operate the different activities. The carnival was held in the Logan yard and was a complete success. It netted \$39.

Summer Happenings
Bill and Betty Grant and children, and Weldon and Shirley Lumley and family are ending a week's vacation. They are camping at Blake. During Bill's vacation he ran the rides at Hannawa, was there the next day to help take the rides down and the next day he was running off letters to men in the department to inform them all of the firemen's picnic held Aug. 13 at Parishville Park.

Ray and Margaret Harrington have had a busy summer and look great because of it. They drove to Syracuse where Margaret joined her former four-year roommate from Keuka College. The two ladies drove to Keuka for their 40th class reunion. Meanwhile, Ray drove to Rochester to spend some time visiting their son John and wife Patty. Margaret joined them later.

The Harringtons are now at camp at Lake Ozonia where their daughter Julie and husband John White and children are spending the summer. They are joined by another daughter Nancy and husband Jim Gerlich and young Alecia from Pittsburgh who will spend a brief time vacationing with the family.

Dr. Ed Gordon and wife Barbara have been entertaining Sy and Karen Baisen, formerly of Potsdam and now living in Valatie. Their big adventure was a trip to Fort Drum and the Gordons are now off to the Gouverneur County Fair and Barnhart Island with more guests. Barbara's sister Estelle and husband Errol and children Scott and Jeremy are here visiting from Woodstock.

The Gordons also had other guests. Ron and Jane Hogle, now living in Rochester, stopped. Ron used to live in the house the Gordons now own. He moved when he was 13, but still loves the house and whenever in the area stops to visit. He was surprised to discover the road is now named Hogle Road. Ron's parents, Mr. and Mrs. Homer Hogle now live in Rochester.

The Purcell family is together for a few weeks. Their daughter Ann traveled to Phoenix, Ariz. to visit Pat and Ray Durrreane and family, formerly of Potsdam. Her brother Robert, who now lives in Skamokawa, Washington, and is

Parishville Plans Historical Day

PARISHVILLE-The annual Historical Day at Parishville, sponsored by the Parishville Historical Association, will be held Aug. 19. A luncheon will be served at 11:30 a.m. at the Town Hall, followed by a short memorial service for D. Norene Forrest, former town historian who died May 18, 1978.

The Parishville Museum will be open for the day. Featured exhibits are the Fvetered Frederick carved circus, the Jacques' Blacksmith Shop, the Tyler Indian relics and rock collection and the picture gallery depicting scenes of Parishville in days past.

working as a tree thinner, met Ann in Arizona and both returned home. Robert will be soon leaving for Washington.

We have new neighbors to welcome. Capt. William (Bill) Reese, his wife Cathy and son Bill have purchased the McFarland home. Captain Reese is a member of the Clarkson R.O.T.C. staff. Their last duty was in Anniston, Ala. Bill hails from the state of Georgia and Cathy from Geneva. Cathy's parents will soon arrive to visit. It will be their first trip to this area. Welcome Captain and Mrs. Reese and son Bill!

Pat and Jack Ward are having a great time with guests. They are formerly from Damascus, Pa. Fellow farmers are visiting them here. William and Helen Adams and son Dean and Shirley and Larry Keber and children Kyle and Beth are making their first trip to this area. They want to see what made their friends move here. What they've seen they're liked, but wonder about the cold winters.

I'm sure Kay Thompson is feeling most proud. Her grandson, Martin Munson represented the Potsdam Central School in spelling contest at the

Gouverneur and St. Lawrence County Fair. Marty took fourth place in the contest. He missed the word "etymology," which is easy to mispronounce, much less spell.

Fair Time
It's Fair time. Marilyn Henderson said the Trout Brook 4-H Club had entered cattle, sewing items, arts and crafts items, and cooking goodies.

Meanwhile, I chatted with Jackie Swingle and three daughters, Jackie, Jennifer, and Melissa. They have entered a total of 15 cattle in the Gouverneur Fair. The girls do most of

the work, starting with breeding and raising. They entered mainly Guernsey cattle. Jackie said one outstanding award was "Grand Champion" for one of the Guerneys and two production awards, plus of course blue ribbons. It looks like young Jackie will be going to the State Fair and for sure will take the Grand Champion and her mother says maybe nine others. The girls are spending most of their time at the fair grounds, both day and evening, since 15 cattle make for a full time job.

Ardis Barnes has taken her week of vacation and spent it camping at

Allen's Falls. She has the grandchildren with her to keep things active. They all went to the Fair. They will celebrate Karen Hayes' birthday with a party there.

New Teacher Aide
Marilyn Henderson has been appointed a teacher aide for this year. She is already working at the middle school, helping with the many duties necessary for the opening of school.

Anyone who wishes to donate items for the firemen's auction should call Charlie Forbes at 265-9453.

Save on the total at I&G.

Come to I&G and discover the difference that "stay low prices" and "price breaks" will mean on your total. We think you'll agree it simply costs less, overall, to feed your family when you shop I&G.
