

Sunday Rock North 'n' South: Colton And South Colton News

BY DOROTHY AYERS
282-2455

Last week we reported that two windows in Ronnie Watson's house had been broken by stones. Now there is speculation that it might have something to do with the fact that people unknown to the owners decided to raise marijuana on the old Watson homestead at Stark.

Seems that around Memorial Day some of the Watson family went up to the old farm and while there discovered small plants obviously being cultivated. They took a plant to the local police who could not identify it at that time but they

were advised to watch it grow to see what it would turn into. Later when they checked again they found the plot weeded and mulched with plastic. When it grew tall enough to identify there was no question as to the identity. Law officials said there must have been \$350 worth grown there.

Anniversary
Mr. and Mrs. Sherman Ayers celebrated their wedding anniversary July 21 by dining with friends at the Crossroads.

In Hospital
Howard Jones and Lawrence Regan are in Potsdam Hospital at the time this

is being written.

Wildlife
Ken and Retha McDonald enjoyed watching a little doe come to the garden in their front yard at camp but last Sunday morning we heard one shot over in that direction and later that day Ken heard three rapid shots. As an old hunter he reasoned it was wounded with the first, tracked and finished off with the three. He hasn't seen the little deer around so she either furnished dinner for someone or is reposing in a deepfreeze. There is a bear around Ken's garbage dump now.

Travelling

Brian Thomas and Schyler Shea are momentarily taking off for Texas.

New Business
Looks as though there may be a new business on East Hill. Carl Champagne from downstate purchased ten acres and plans on clearing the land and hopes to have a small pig farm. He tells us he worked nights on the railroad and days on a pig farm so is used to hard work. Sounded as though he'd like to try butchering and smoking and it just seems as though he might have a good market for meat that wasn't filled with growth-producing hormones, antibiotics, etc. Let's all encourage him.

Senior Racquetteers

It is now definite that the Racquetteers will celebrate their second birthday with a birthday dinner Sept. 19 and we are lucky in having Mrs. Champney cater it for us again. Anyone who attended last year's dinner knows that she puts on a great meal. More details later.

Dates To Remember

Colton's Town Planning Board, chaired by Glen Thomas, will meet Aug. 15 at 7:30 p.m. in Colton Town Hall. Might remind people at this time that on Monday evenings they can have blood

pressure read at Colton's Health Center and on the first and third Mondays from 1:30 to 4:40 p.m. there is an adult screening clinic with registered nurses in charge. No appointment necessary but if you are in a hurry and do wish an appointment, call Town Clerk Liz Ford.

The rite of baptism is scheduled at the South Colton Community Church, Aug. 20 at 11 a.m. Anyone wishing to have a little one baptized that day please call the Reverend William Cuthbert, or church secretary Dorothy Ayers. Sunday, Aug. 27 the church goes back to the 9 a.m. time for services.

Everybody come to the church dinner at South Colton's Community Center Aug. 17 as it is the last time for the three dollar price. We do have to admit that a full dinner, including home made pie and coffee, for \$3, leaves an awfully small margin of profit. See you there.

At I&C when we get a break, you get a break.
In addition to our "stay low prices" many times we will receive temporarily reduced prices from our suppliers. Other markets may pocket the difference as extra profits, but at I&C we pass the savings along to you, the customer as a "price break" by cutting the price of the item on the shelf. We believe that when we get a break, you should get a break.
