

28 YEARS IN SERVICE—Roy and Bob Barstow are shown above discussing their 28 years of service to the Potsdam area. They have been automobile dealers that long.

Local Realty Firm Affiliates With International Franchise

The Ariene W. Correll Realty Corporation has purchased the franchise rights of Realty World in Potsdam, Canton, Massena, Ogdensburg, Gouverneur, Saranac Lake, and Lake Placid.

Realty World is an international franchise with a network of 1,000 independent real estate agencies, making it the second strongest in the nation.

According to Ariene Correll, president, the new acquisition will enable her corporation to relocate persons internationally and nationally "with less red tape than before." She said it would allow the firm to give wide advertising exposure to property in St. Lawrence County.

She also said that a home warranty plan would be available to homeowners in St. Lawrence County, one of the first offered by any agency in the area.

Ms. Correll said she felt a need for these advanced real estate techniques in the county for some time. She searched for almost two years before choosing to affiliate with Realty World, a company that she said fits her professional standards.

"Real estate is a strong quiet major contributor to the county's economy," she said. "It needs constant changing and upgrading in order to perform properly and keep the county abreast of the changing times in the outside areas. We have been constantly doing this on our own and feel with the coming

Towncrier Madrid Area News

BY LULA CLARK
Construction of the \$180,000 Grass River Housing Project for senior citizens in Madrid has begun. Riverside Construction, Ogdensburg is the contractor. Edward Barrows, secretary of the housing authority, said that the housing is expected to be available to senior citizens by December of this year.

There will be four upstairs units and four downstairs units at the project. Each unit will contain a kitchen with stove and refrigerator, living room, and one bedroom. A washer and dryer will be available in the building. Metered electricity will be paid for by the tenants.

For further information on the project, contact Lauris Kelly, president of Madrid's housing project, at 322-4305.

Rescue Squad Calls
Leon Baker was taken to the Canton-Potsdam Hospital by the Madrid Rescue Squad last Tuesday morning.

Francis Rookey was taken to a Watertown hospital by the Madrid Rescue Squad.

Day Care Center Sets Book Sale

The Potsdam Day Care Center will hold its annual book sale from 8 a.m. to 9 p.m. Sept. 18 and 19 in the basement of the Civic Center, Potsdam. Fiction, non-fiction, paperbacks, children's books, records and magazines will be available.

Most of the books at the sale are obtained through contributions from individuals. Donations of books are tax deductible; receipts are available upon request. To contribute books call 265-4592 or 265-2671 or bring books to 115 Market St.

Funds raised by the annual book sale are used to help in the operation of the Potsdam Day Care Center, a not-for-profit facility located on the corner of Elm and Leroy Streets in the village. The Center is a member agency of the United Way of St. Lawrence County.

Lunch And Milk Prices Go Up At SLC School

BY BEV STEENBERG

BRASHER FALLS: The St. Lawrence Central School Board has hiked lunch prices for all students ten cents across the board, effective this school year, and has raised the prices of faculty meals an additional nickel in an attempt to offset a negative balance in the school lunch program.

There was much discussion regarding the need to raise the price of school lunches and discontinue the practice of serving free milk and cookies to kindergarten students. Because of high costs and fewer surplus foods, Francis Lyon, administrative principal, stated it would be necessary to consider the school lunch program, stating his opinion that it would be necessary to either cut staff or raise lunch prices. Mr. Lyon stated he had been thinking the price of lunches should be raised a nickel.

An analysis of the school lunch fund showed that beginning the school fiscal year, there was a plus balance of \$17,784.06. By this past June 30, reports showed the balance was reduced to a deficit of \$11,958.10.

William Quinell, president of the board, noted that, in view of the present deficit, he thought a five-cent raise in price would be inadequate. Mr. Quinell suggested a ten-cent raise in lunch prices, stating, "if the cost of living raises 5 percent or 6 percent, it has to raise the same all the way." David Stevens, board member, suggested the possibility of putting this out to a food service, which would also eliminate unemployment payments.

The present lunch prices are: \$4.45 for elementary students, \$5.50 for high school students and \$8.55 for adults (\$7.79 plus tax).

Joseph Simms, board member, suggested raising the price of an adult lunch to \$9.95 which, with tax, would total \$11.00. On a motion made by Mr. Simms, seconded by Paul Catlin, the board voted on new lunch prices of \$5.55 for elementary students, \$6.60 for high school

students, and \$1.00 including tax for adults. It was also decided that kindergarten students will be charged \$4.00 per week for milk and cookies. The matter is to be reviewed by the board members in January.

The board also approved the hiring of two new teachers for the junior-senior high school. Filling the position of senior high mathematics teacher vacated by Michael Holcomb will be Alice Arsenault, a graduate of St. Lawrence Central. The one-year vacancy for junior high school science teacher will be filled by Carol Bodman. This vacancy is due to the absence of Frank Wesolowski who is on sabbatical leave.

A vacant coaching position will be filled from the substitute teacher list for next year. John Flanagan, Jr., was the substitute teacher recommended by Cornell Beach, principal, to coach two sports. A motion made by David Stevens, seconded by Timothy Saxton, that the amount of \$13,918.75, interest due of 1968 Bond issue and to borrow a sufficient amount to cover payment. A vote giving approval to continuing Title I and Title IV B and C (federal funding for library and reading programs) was carried.

August 23 was named as the date for the special meeting when the tax warrant would be presented for approval.

A panel representing the St. Lawrence Central Awareness Group expressed their desire to work with the Board of Education and the administration toward consistent discipline. The group was informed that the student handbook is not ready at this time but will be brought up to date. Mr. Beach stated there will not be any basic revisions in the disciplinary procedure. Mr. Beach indicated he would be happy to discuss ideas regarding the handbook with Awareness Group members.

Cathy Jeffrey, spokesperson for the group, asked if the library situation had been looked into. James Eagles, Elementary Principal, commented that, as far as books go, the elementary

library is "pretty well set." He noted the need for more space. When questioned about the high school library, Mr. Beach responded that the high school library has access, through the North Country Library System, to any printed material in the state. When Mrs. Jeffrey pointed out that many people are not aware of that fact and requested that such information be included in a newsletter to parents, both Mr. Beach and Mr. Lyon stated this had been done. Mr. Lyon added that he expects federal funds to be available later in the year and these funds will be used.

Mrs. Jeffrey asked that consideration be given to making a policy that all parents be informed exactly what steps they should take if problems exist, pointing out that many parents may be hesitant to come to the school when problems first arise because they don't know what steps to take. Mr. Beach agreed to include the information in a newsletter, stating this had been done repeatedly in the past.

The board recessed for an executive session concerning a negotiations matter. However, Mr. Lyon stated later that the matter was not resolved.

Skating Party Benefits MD Fight

A roller skating party that will benefit the fight against muscular dystrophy will be held from 7 to 11 p.m. Aug. 30 at Clarkson College's Walker Arena. The skating party is sponsored by the service fraternity Alpha Phi Omega.

The public is invited to participate. Admission for persons aged 7 to 14 years is \$1.25. For ages 15 and over, price is \$1.50. Price of admission will cover the cost of roller skate rental. Refreshments will be sold and door prizes awarded.

It's the new Lottery game with Monday night action.

It's a new kind of game. New tickets each week of the 16-week season. You rub them like instant tickets: The scores of the weekend games and the Monday night games tell you if you've won. You don't have to know anything about football to win, just get yourself a ticket, check the scores each week and you'll know what the excitement is all about.

How to score in The Football Pool.

Each ticket gives you a chance to match a digit in the scores of the three New York teams during the weekend and the two teams playing on Monday night. Rub the covering beneath the team designation to determine the score you're shooting for: Only one digit from 0-9 will appear. If that team's score ends with that digit, you've got a match. For example, a 7 on your ticket below Dallas

counts as a match if Dallas scores 7, 17, 27, or 37 points, etc. on that date.

Match any three scores and you've won \$20. Match four out of five and win \$200. Match all five scores and you win \$10,000 plus a fabulous weekend for four. For the first four weeks it's a weekend at the Orange Bowl; for the weeks 5-8 it's the Sugar Bowl.

Tickets can even be sold after the games, since the numbers are covered. In that event, the ticket becomes an instant ticket. All the action is geared toward Monday night. If you have just one match as a result of the weekend games, you're still alive when the two teams go at it Monday night. And if you've got two or three matches on the weekend, Monday night could be very exciting.

The New York Lottery's "Football Pool" is not authorized or approved in any manner by any professional Football League or team. No professional Football League or team has any connection whatever with the

conduct of the game.

In the event of cancelled, postponed, forfeited, incomplete or disputed games, the official winning scores, for the purposes of this game, will be determined by a random drawing held by the Lottery.

The odds on your scoring.

The odds of winning and number of winners per 1,000,000 tickets are indicated below:

Prize	Odds	Winners per 1,000,000 tickets
\$20	1:124	8,100
\$200	1:2,223	450
\$10,000*	1:100,000	10
Overall Odds	1:100	
*Plus Football Weekend		

The exact odds and number of winners may vary depending upon sales and claims.

Get in on the action now. Buy your tickets from any authorized Lottery agent. You must be 18 to play.
