On Feb. 6, in Hepburn Hospital, Brian Keith Fisher arrived ahead of schedule by way of Caesarean Section, son of Linda Fisher and the late Floyd Fisher. Brian weighed 4 pounds 14 ounces, so will be in an incubator for a while. The whole community extends best wishes to Brian, his mother and his little brother Paul. His grandparents are Mrs. Dorothy Lindsay Taylor and Mrs. Zeilia Fisher.

Louise Collins is in Rm. 314 at Potsdam Hospital and Marian Savoid is very ill in the same hospital. Helen Collins is back in Mary Fletcher Hospital in Burlington where she has had surgery. Alma Snyder is home now, convalescing from surgery.

Helen Green, Higley Road, wishes on her husband Richard's behalf, to thank all the nice people who sent around 50 cards for his recent birthday. As an invalid confined to his bed, they were even more meaningful than if he were up and around.

Dog Quarantine
Town Clerk Liz Ford tells us that the County Board of Legislators' request for a dog quarantine has been approved by

the Department of Agriculture and is now in effect locally. The present quarantine period ends March 30 but will probably be renewed for another 60 days at that time. Keep your dog on your own property, or if he is off your property, then he must be on a leash.

The Ike Rutley family is probably the only family around who has a resident weasel, or should we call him an ermine? He lives in the woodshed which was added onto their attached garage and they put out food for him. After hearing what they've put out for him we concluded that he must be the best fed weasel in the north country.
