WSLU's Fundraising Drive Brings In Over \$13,000

CANTON — North Country Public Radio, WSLU-96.7/FM completed a successful fundraising drive last Sunday, surpassing its \$13,000 goal by over \$500. The station also attracted a number of new members. The money raised is earmarked for basic station operating expenses and for the recently established News Fund. The five-day fundraiser culminated with a music festival broadcast live from the St. Lawrence Inn in downtown Canton. Audiences were

treated to tunes from Donny Woodcock, Souvenir, Martin Breakdown and The Stardusters. A jazz combo with Danny Coots, Steve Lynch, Ray Thompson, Danny Gotham and Vinny Leggere wound up the evening. Friends of WSLU, both businesses and individuals, came through once again with a variety of special premiums from maple syrup to theatre tickets which were offered to listeners who made membership pledges.

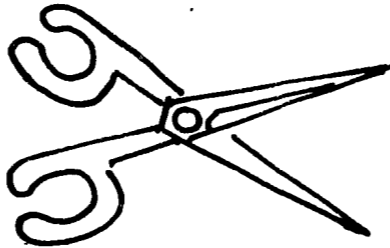

"We are very pleased with the generous response of our listeners and we are especially delighted that so many new names have been added to North Country Public Radio's membership list," said WSLU Development Director Ellen Rocco. "Two years ago, listeners contributed enough money to enable us to purchase a new transmitter. We believe that the installation of that transmitter last summer had a lot to do with our ability to acquire so many new

members this year. We are grateful to and gratified by the continued support of the people in this community." WSLU is the North Country's only public radio station. It is affiliated with National Public Radio, the Corporation for Public Broadcasting and the American Public Radio Network. For more information and a complimentary copy of the bi-monthly "Listeners' Guide" write to WSLU, Payson Hall, St. Lawrence University, Canton, 13617.
