PHYSICIAN RECERTIFIED
 The American Board of Pediatrics announces that Dr. Robert Bruce Bokai, Canton, has met the requirements for recertification in general comprehensive pediatrics. Recertification in pediatrics is a voluntary program of periodic examination on information related to evaluating and managing problems affecting children and their families. Dr. Bokai was first certified by the board following a period of graduate training in pediatrics and the successful completion of the Board's certification process.

COMPLETE COURSE
 Nancy Goodrich, Colton, and Brian Burke, Madrid, are among the criminal justice students at Canton Agricultural and Technical College who successfully completed the Police Defensive Tactics course recently and were awarded the 24-hour certification.

THAYER RE-ELECTED
 Dr. Robert Thayer, associate professor of music and former dean of the Crane School of Music at Potsdam College, has been re-elected to a three year term on the Graduate Commission of the National Association of Schools of Music (NASM). Thayer's re-election took place at the organization's annual meeting Nov. 21-23 in Seattle.

NASM is the accrediting agency for music in higher education and has over 500 member institutions. The NASM Graduate Commission, which meets twice yearly, has final responsibility for recommending accreditation decisions to the membership. A graduate of the Eastman School of Music with a master's degree from Wichita State University and the PhD from the University of Iowa, Thayer joined the Crane School faculty in 1972. He became associate dean in 1974 and dean in 1976. He resigned as dean last spring in order to devote his time to teaching.

Martin Sides With Administration In MX Missile Vote In House

WASHINGTON — Rep. David O'B. Martin voted against an amendment the House adopted, 245 for and 176 against, to delete all money sought by the administration to start building the MX missile.

Objections centered on the administration plan to base the MX in a single "dense pack" situated in Wyoming. Pentagon planners say the dense pack would work because incoming Soviet missiles would destroy one another as they honed in on their target. The dense pack would consist of about 100 MX missiles housed in hardened silos within a 20-square-mile area.

The \$988 million deleted by this vote from the fiscal 1983 military appropriations bill was to have bought the first five MX missiles. As later passed and sent to the Senate, the bill contained \$2.5 billion in MX research and development money. While the vote was a major defeat for President

Reagan, it was far from the final congressional word on the fate of the dense pack.

Gas Tax
 By a vote of 236 for and 169 against, the House adopted an amendment that levies a nickel-a-gallon hike in the federal gasoline tax to finance \$5.5 billion-a-year worth of projects upgrading mass transit and U.S. highways and bridges. Martin voted against the hike.

Sponsors said the measure will create hundreds of thousands of jobs during the first year of the six-year program, but critics said the projection was overstated because the tax would drain productivity from other sectors of the economy.

Grapplers Look For First Win Of Year

Potsdam High's wrestling squad will try to get into the win column when they play host to Gouverneur on Wednesday. The Stoner grapplers suffered a 50-10 loss to an always strong Clifton-Fine squad at Clifton-Fine last Wednesday.

Marty Miller, by decision, at 177 lbs. and heavyweight Dave Schober, with a pin, were the only two victors for Potsdam.
